Center for Learning Assessment

Proctoring for Other Institutions Request

Guidelines: The Center for Learning Assessment proctors examinations for students from other institutions in accordance with National College Testing Association (NCTA) standards. Students from other institutions using college facilities are subject to the WCC Student Code of Conduct. Arrangements for proctored testing must be made before the exam is sent to Waubonsee Community College. A processing fee of \$15.00 is charged for each proctored exam, payable to Waubonsee Community College, and is due at the time an exam is taken. This fee covers handling of the examination consistent with NCTA standards and the instructions from the home institution, completion of any and all forms and supervision while taking the test. **Any postage will be the responsibility of the home institution or the student. Copies of examination materials, including completed student exams and answer sheets, will not be made. The student accepts full liability for the delivery and security of mailed examinations.**

Instructions: Complete one copy of this request form for each course that you are requesting proctoring service. In order to ensure testing integrity, all information requested must be provided. Upon approval of your request, you must notify your home institution to forward your examination materials. In addition, if the test is online or available through e-mail, all instructions, passwords, and related information should be forwarded. All examination materials should be sent directly to the appropriate campus contact as listed below. Proctored examinations are administered by appointment only and appointments should be made at least one week prior to the desired testing date. To schedule an appointment, call The Center for Learning Assessment at (630) 466-5700. Appointments may be rescheduled one time only. On the day of the exam, you must present official photo identification such as a driver's license, and pay the \$15.00 fee. No cell phones or other electronic devices are allowed in the testing center. Calculators are allowed with instructor's permission only.
