Please Note:

High school students in good standing must have the written consent of their high school principal or counselor (see back of form) and have met the prerequisites for the credit course. Some credit courses may not be available for high school enrollment.

Credit course enrollment is limited to 7 semester hours per semester. High school students are not eligible to audit college courses.

College credit is awarded for any student enrolled in a credit course. High school credit is optional and must be approved by the student's high school. College credit will appear on the student's permanent college transcript regardless of the grade earned.

Although high school students are not eligible to receive financial aid, this coursework and any grades earned may be taken into account if the student ever applies for financial aid in the future.

I certify that the information provided above is complete and accurate. I have read and fully understand the significance of enrolling in college level courses.
