### E. World Cultures

One course satisfying degree requirements must have a world cultures emphasis. These courses are highlighted in the General Education Requirements for Social and Behavioral Sciences and Humanities and Fine Arts. This is not an additional credit hour requirement. Check early with a counselor for course recommendations.

## III. Area of Concentration/Elective Requirements (18 hrs):

See ***Distance Learning Course Listing*** for a list of courses that may fulfill this requirement.

***Courses used to fulfill general education and additional college requirements may not be counted again as electives. Contact a counselor to determine appropriate choices for certain areas of concentration and transferability of courses.***
