### **QUESTIONS**

1. There are a few boilers currently not in service. For example, Plano's Campus boiler and 1 or 2 of 4 Weil McClain boilers at the central building in Sugar Grove. Would you still like those included on the agreement?
  - a. Yes, we would like them all included on the agreement. The one in Plano is currently being repaired and the two at the Sugar Grove Central Plant will either be repaired by the time this goes into effect or we will need assistance from the awarded Contractor to do so.
