Institute Network

Welcome

The Lifelong Learning Institute is an open membership organization for adults ages 50 and older actively engaged in the pursuit of knowledge. In a stimulating peer-learning environment, members plan, lead and participate in courses, outings and trips, and social events. LLI members are encouraged to volunteer in some capacity in support of the organization.

Registration Process: To compensate for the problem of varied U.S. mail delivery times, incoming registrations will be held for two weeks after the mailing of the catalog, mixed randomly and processed in two rounds. Round One will award up to three course placements, based on a member's prioritized list. Round Two includes a second pass of the forms, processing any additional prioritized courses greater than three. This process will ensure that as many members as possible (who meet the registration target date of August 3) get into some of their preferred choices. Confirmation letters will be mailed after Round Two processing is complete on August 12.

Annual membership fee (Sept. 1–Aug. 31) of \$25 and individual course fees of \$5 are nonrefundable. Outing, trip and luncheon fees (priced individually) are refundable if cancellation occurs by the stated postmark deadline.

Except as noted, the closing registration date for activities is September 15, 2021.

Registrations postmarked after that date will not be accepted. Please be aware that luncheons, some outings and some trips have separate registration deadlines stated on the luncheon invitation or in the activity description.

If you find you have registered for an activity you cannot attend, promptly notify the LLI Registration Team at (630) 466-2593 so people on the waiting list can be enrolled.

1. Backyard Birding

Have you ever wondered what that strange-looking bird at your feeder is or why no birds come to your feeder? Have you been fighting with those pesky squirrels that have been eating all of your birdseed? Birds can be very picky about what seeds they will eat and what kind of feeder they prefer. Join participants and learn how to become a successful backyard birder. Maximum 24.

Course objective: To increase knowledge of the preferences and habits of

backyard birds and to learn how to attract them

Dates: Thursday, September 16 – September 23 (2 weeks)

Time: 9:30 to 11:30 a.m.

Location: Waubonsee Sugar Grove Campus, APC160

Facilitator: Marilyn Danielson

2. Barbarian Empires of the Steppes - Part 1

This two-semester course examines selected topics from "The Great Courses" 36-lecture course, *The Barbarian Empires of the Steppes*, concentrating on those topics having the greatest impact on Europe and the Middle East, beginning with pre-history, and extending to about 1700 A.D. Each class will include two 30-minute DVDs, reports, and discussion. Part 2, Spring Semester 2022, will conclude this course. Maximum 36.

Course objective: To explore the history of the nomadic peoples of Central

Asia, their relationship to other peoples, and their lasting

influences on our world today

Dates: Monday, October 11 – November 22 (7 weeks)

Time: 1:30 to 3:30 p.m.

Location: Waubonsee Sugar Grove Campus, APC110 – B,C

Facilitator: Dick Sackett

3. Blithe Spirit - A Read Aloud Drama

Both a satire on the craze for mediums and seances and a merry romp through the battle of the sexes, Noel Coward's popular play helped lighten British spirits during the dark days of WWII. The title character is part of a long tradition of stage ghosts dating back to Shakespeare. Volunteers will take on the various roles. No advance reading is necessary but do bring a copy of the play. Maximum 20.

Course objective: To increase understanding and appreciation of an

important 20th century playwright and the techniques

of stagecraft

Dates: Monday, December 6 – December 13 (2 weeks)

Time: 1 to 3 p.m.

Location: Waubonsee Sugar Grove Campus, APC180

Facilitator: Tryna Zeedyk

Required text: Blithe Spirit by Noel Coward

ISBN: Any Edition (Facilitator using 9780679781790)

4. Brains Not Made for Thinking

A new masterpiece book helps you learn where your brain came from, how it is structured and why it matters. Your brain works with other brains to create everything you experience. You battle between thought and emotions, between nature and nurture, to become imperfectly, amazingly, gloriously human. Lesson 1 will be covered in the first class. Maximum 24.

Course objective: To better understand our human brain based on

revolutionary research in psychology and neuroscience

Dates: Monday, October 18 – November 8 (4 weeks)

Time: 10 a.m. to 12:30 p.m.

Location: Waubonsee Sugar Grove Campus, APC190

Facilitators: Carl Hays and Jay Labelle

Optional Text: 7 ½ Lessons About the Brain by Lisa Feldman Barrett

5. Building the Transcontinental Railroad, 1863-1869

Stephen Ambrose feels that next to winning the Civil War and abolishing slavery, building the first transcontinental railroad, from Omaha, Nebraska to Sacramento, California was the greatest American achievement of the 19th-Century. By understanding all that went into the location and construction of this railroad, we gain an understanding of all the other transcontinental railroads. Maximum 36.

Course objective: To learn what it took to construct the transcontinental

railroad in the 1860s

Dates: Thursday, September 16 – October 21 (6 weeks)

Time: 2 to 4 p.m.

Location: Waubonsee Sugar Grove Campus, APC110 – D

Facilitator: Robert Goetz

Required Text: *Nothing Like It in the World, The Men Who Built the*

Transcontinental Railroad 1863-1869 by Stephen E.

Ambrose

ISBN: 9780684846095

6. Charles Dickens and A Tale of Two Cities

Enjoy Dickens' historical classic set in England and France during the violent French Revolution. Meet some of his most famous characters as they wind their way through a dramatic and exciting plot. We will study a little of the French Revolution and review the life of Charles Dickens as well. Read it again or for the first time and enjoy lively discussion with other LLI members. Maximum 20.

Course objective: To read a classic English novel, develop an appreciation

of Charles Dickens and find enjoyment discussing with

other LLI members

Dates: Wednesday, September 29 – November 17 (8 weeks)

Time: 9:30 to 11:30 a.m.

Location: Waubonsee Sugar Grove Campus, APC190

Facilitator: Adam Holtz

Required Text: A Tale of Two Cities by Charles Dickens

7. Cycles of Nature: Autumn

This course is the third in a series, examining the essential cycles of nature while developing a sense of wonder. Focus will center on how animals and plants prepare for winter. Seasonal-decomposition-metaphoric and migration cycles will be explored. Discussion, lecture, and outdoor investigations will help participants understand continuing cycles and enable them to share their discoveries with others. Maximum 30.

Course objective: To develop a sense of wonder while exploring the

intricate cycles of nature

Dates: Tuesday, October 12 – October 26 (3 weeks)

Time: 1 to 3 p.m.

Location: Bliss Woods Forest Preserve

Facilitator: Carolyn Sackett

8. Energy and Chicago

Energy built civilization but is now civilization's greatest threat. The rise of cities like Chicago is based largely on how they manage energy resources over time. We are at a crossroads because of growing energy demand and energy's environmental impact. Our energy crisis is real and the stakes are high, but the problem is solvable. Each session will include a video. Chapter 1 will be covered in the first class. Maximum 30.

Course objective: To learn about and discuss how energy in all its

surprising forms affects our world

Dates: Tuesday, September 7 – October 12 (no class 10/5)

(5 weeks)

Time: 10 a.m. to 12:30 p.m.

Location: Waubonsee Sugar Grove Campus, STC106

Facilitators: Carl Hays and Jay Labelle

Optional text: Power Trip: The Story of Energy by Michael E. Webber

ISBN: 9781541644397

9. Exploring the Universe – The Dark Side: Dark Matter, Dark Energy, and Black Holes

We do not understand 95% of the stuff that makes up the universe! Most of the matter in the universe is invisible, but its gravity appears to hold galaxies together. Equally mysterious dark energy makes up 68% of the universe and it seems to be blowing the universe apart. Black holes are also dark because their gravity is so intense that nothing, not even light, can escape. Maximum 40.

Course objective: To examine some of the most profound mysteries of our

universe: dark matter, dark energy and black holes

Dates: Friday, September 10 – October 15 (6 weeks)

Time: 1 to 3 p.m.
Location: ZOOM

Facilitator: Paul Mantsch

Optional Book: We Have No Idea – A Guide to the Unknown Universe by

Jorge Cham and Daniel Whitson

ISBN: 9780735211520

10. Getting the Most from an Amazon Kindle Paperwhite

The course focuses on the Kindle Paperwhite and its related Windows and Apple apps. Topics include setting up the device and its use. Emphasis is on considering an LLI setting in using the Kindle feature "X-Ray" for a deeper dive into topics, how to create and supplement notes, exporting to a PDF file, and expanding your vocabulary using Word Wise and Vocabulary Builder. Participants are encouraged to bring their Kindle to class. This is a hybrid course that will be offered in-person and on Zoom concurrently. Maximum 20. (10 live -10 Zoom)

Course objective: To demonstrate and discuss the capabilities of the

Amazon Kindle Paperwhite for those who recently

purchased one or are thinking of doing so

Date: Tuesday, September 7 (1 week)

Time: 2 to 4 p.m.

Location: Waubonsee Sugar Grove Campus, APC160 and ZOOM

Facilitator: Bill Knudsen

Location: Waubonsee Sugar Grove Campus, APC160

Facilitator: Judy Hunnicutt

20. The Day the Midwest Burned (repeat)

You probably know about the Great Chicago Fire, but do you know about the megafire that occurred on the same day in Peshtigo, Wisconsin that caused more loss of life and property? On the 150th anniversary, learn about the fires of October 8, 1871 as well as fire storms and fire tornadoes. What, if anything, has changed in fire prevention due to these fires? Maximum 24.

Course objectives: To learn about the great Midwest fires of 1871, the causes

of fire storms and tornadoes, and changes in fire

prevention and laws due to these fires

Dates: Thursday, October 7– October 21 (3 weeks)

Time: 9:30 to 11:30 a.m.

Location: Waubonsee Sugar Grove Campus, APC160

Facilitator: Jan Mayer

21. Two by Crane

Stephen Crane, best known for his short novel, *The Red Badge of Courage*, also wrote some fascinating short stories. Participants will consider two of them: *The Blue Hotel* and *The Open Boat*. Innovative and influential, Crane helped turn American fiction from traditions of the British Victorian novel to more realism and naturalism. Read *The Blue Hotel* before the first class to avoid spoiling the surprising ending for yourself. Maximum 20.

Course objective: To explore literary naturalism through the works of an

influential American writer

Dates: Thursday, December 2 – December 9 (2 weeks)

Time: 9:30 to 11:30 a.m.

Location: Waubonsee Sugar Grove Campus, APC160

Facilitator: Phyllis Deerinck

Required text: The Blue Hotel and The Open Boat by Stephen Crane

22. U.S. WWII Carriers and Comparison between Essex Class and Escort Carriers

Through discussion, electronics, and printed materials, participants will gain knowledge about WWII carriers and the tremendous number of support groups required to maintain a task force. Support units include aircraft, attack ships, and a variety of ships to supply ammo, fuel, and food. Emphasis will be placed on the differences and assignments of the Essex class carriers and the escort carriers. Maximum 20.

Course objective: To provide relevant information on aircraft carriers and

enhance knowledge through discussion and reading

Dates: Monday, September 13 – October 4 (4 weeks)

Time: 2 to 4 p.m. Location: Zoom

24. Sanfilippo Estate Tour

The trip begins with a three-hour tour of the Barrington Hills estate of Fisher Nuts' former CEO, now managed by the Sanfilippo Foundation. The private collection includes many mechanical music devices and related items. You'll see the world's largest theater organ and the world's largest collection of restored music machines from 100 years ago. The estate defies description. Please check out the website http://www.sanfilippofoundation.org and watch the video clips. The tour will be followed by lunch at Chessie's Restaurant in Barrington and a stop at the Fisher Nut Store in Elgin, Maximum 54.

Course objective: To gain a greater understanding and appreciation of early

mechanical instruments – music boxes, carousels, player piano orchestrions – in a private collection surpassing

best international museums
