BETTER PHOTOGRAPHY FOR REALTORS NEW!

As a Realtor you know how competitive the market can be — it's more important than ever to make sure your listings stand out from the crowd. The best way to do so is to ditch the smartphone, pick up an SLR camera and learn how to take professional quality photographs. A recent study found that homes represented with professional quality photographs were viewed longer online and sold for significantly more than those with lower quality images. Professional photographer Bob Lockwood leads this hands-on workshop on photographic techniques for Realtors including effective composition and image enhancement using Adobe Photoshop. Note: Must bring an SLR (Single Lens Reflex) camera to class. Class will meet on campus and at select off-campus locations.

*Celebrating the Illinois
Bicentennial
Dr. Norman Moline*

Historical geographer Dr. Norman Moline provides a fascinating overview of the development of Illinois' transportation connections since 1818 and how this helped to create our state as we know it today. Beginning with how Illinois' shape was determined, Moline traces the development of canals, railroads, highways and the evolution of postal service – including free urban delivery, and later, rural delivery.

Dr. Moline earned his doctorate at the University of Chicago, focusing on the impacts of the automobile and good roads from 1900 to 1930. He taught for 45 years at Augustana College.

Radically Rethinking Dark Matter

*Dr. Dan Hooper
Senior Scientist at the Fermi National Accelerator
Laboratory*

*Professor of Astronomy and Astrophysics at the
University of Chicago*

The vast majority of cosmologists are confident that most of the matter in our universe is not made up of atoms, but of another substance known as dark matter. We do not, however, know what exactly this dark matter is, how it behaves, or how it was created in the early universe. In this talk, Dr. Hooper will explain why scientists are so sure that dark matter exists, and what they are doing to better understand the nature of this mysterious substance.

Anyone can learn CPR—and everyone should!

Cardiac emergencies happen everywhere: in the workplace, at home, out in the world. You know bystander CPR increases a victim's chance of survival. Equip yourself with skills to act quickly in emergencies and ultimately save lives with our community-focused training in general first aid, instructor certification and several CPR/AED courses.

- ♦ **BASIC LIFE SUPPORT (BLS) PROVIDER TRAINING** for health care professionals includes initial certification and certification renewal
- ♦ **HEARTSAVER CPR/AED** courses for community members also meet DCFS requirements for child care providers

Waubonsee Community College is an American Heart Association (AHA) Training Center. Two-year AHA certifications can be provided in CPR/AED and First Aid. We provide a regular schedule of CPR classes on campus and also bring training to businesses and organizations. Our expert instructors ensure consistent, high-quality training and hands-on practice in key techniques.

- First aid procedures
- CPR techniques
- AED usage
- Bloodborne pathogens controls

HEALTH CARE PROFESSIONALS

BLS PROVIDER CPR

High-quality CPR is the foundation of lifesaving resuscitation for cardiac arrest victims. Whether you're certifying for the first time or renewing, this nationally-recognized American Heart Association course provides you confidence—building skills from instructors who can provide real-life experience. You will learn both single-rescuer and team basic life support skills for application in both pre-hospital and in-facility environments, with a focus on high-quality CPR and team dynamics. Plus, you will participate in simulated clinical scenarios and learning stations. Successful completion of hands-on skills testing and a written examination are required for a two-year certification.

CORPORATE TRAINING

Let's get down to business

Your company's success relies on the accomplishments of each individual employee and your workforce as a whole. For updating fundamental skills and providing advanced training opportunities, Waubonsee is a valuable resource.

Waubonsee has been helping individuals become their best selves since our founding in 1966, and began offering professional development programs in 1984. Today, our Workforce Education and Training Programs deliver the right solutions, including training and consulting services that help businesses develop individual talent and broadly improve efficiencies.

On-Site Business Training For Groups

For training a group of employees or solving a particular business challenge, look to Waubonsee's corporate training. We offer affordable, value-driven training with content that can be fully customized to your needs and delivered at a time and place that's convenient for your organization.

BENEFITS THAT GO BEYOND THE BASICS

Efficiency

Training is exclusive to your company, covering only relevant topics and skills, maximizing your time and money. Let our trainers come to your site for added convenience.

Proven Quality

Trust in our 25-year history of providing customized training to local businesses. In just the past four years, we've helped almost 100 companies, including Wrigley, Suncast, Chick-fil-A, The Reserve of Geneva and many others.

Expertise

Learn from experts with real-world experience drawn from business and access to local, state-of-the-art facilities.

Return on Investment

Investment in training often pays off in the form of increased productivity for your company, along with lower turnover rates.
