Activity Levels (from Road Scholar Guide)

- Easy Going – I can exercise my mind but keep walking to a minimum and avoid stairs when possible
- On Your Feet -Some walking is o.k. I can get on and off a coach, climb stairs, stroll through an urban/suburban environment, or stand during a learning experience.
- Keep the Pace- Spending the day exploring appeals to me whether on and off a coach or walking through neighborhoods at a moderate pace. Multiple stairs don't bother me either and keeping up with a group is no challenge.
- Let's Go - Bring it on. Spend the day on the move! Whether hiking, riding public transit, walking city streets or village cobblestones, I'm able.
