Presented to

Waubonsee Community College Illinois

For its Comprehensive Annual Financial Report For the Fiscal Year Ended

June 30, 2019

Christopher P. Morrill

Executive Director/CEO

October 05, 2020

Members of the Board of Trustees and Residents of Waubonsee Community College District 516:

The Comprehensive Annual Financial Report (CAFR) of Waubonsee Community College District 516 (the College), for the fiscal year ended June 30, 2020, is hereby submitted. Responsibility for both the accuracy of the data and the completeness and fairness of the presentation, including all disclosures, rests with the College. To the best of our knowledge and belief, the enclosed data are accurate in all material respects and are reported in a manner designed to present fairly the financial position and changes in financial position of the College. All disclosures necessary have been included to enable the reader to gain an understanding of the College's financial activities in relation to its mission.

FINANCIAL STATEMENTS

This letter of transmittal should be read in conjunction with the Management's Discussion and Analysis, which provides an analytical overview of the College's financial activity.

The College is a separate legal entity established under Illinois Compiled Statutes (ILCS) and governed by a locally elected board of trustees. The College is fiscally independent and is considered a primary unit of local government pursuant to GASB Statement No. 14 as amended by GASB Statement No. 61. The College has determined that the Waubonsee Community College Foundation meets the requirements of GASB Statement No. 39, Determining Whether Certain Organizations Are Component Units, an amendment of GASB Statement No. 14, which has resulted in the Waubonsee Community College Foundation (the Foundation) being reported as a discretely presented component unit of the College as it is legally separate from the College. Separate financial statements of the Foundation are available from the Foundation's Executive Treasurer, Darla S. Cardine, at Route 47 at Waubonsee Drive, Sugar Grove, Illinois 60554, (630) 466-7900.

BACKGROUND INFORMATION

Our Vision

Waubonsee Community College opens the door of knowledge, sparks imaginations and enlightens lives through learning. We welcome the diverse abilities, goals and experiences of individuals standing on the threshold of discovery. Our success is defined by the dreams we help shape, the opportunities we help design, and the futures we help create.

Our Values

Quality: We constantly redefine what it means to be "the best," seeking to improve in every area and exceed the expectations of those we serve.

Value: We focus every resource directly on the search for learning, creating tangible benefits in everything we do.

Innovation: We are actively engaged on the frontiers of education, continuously improving the learning environment for our students and communities.

Service: We view the world from the perspective of those we serve, anticipating needs and striving to exceed expectations while demonstrating a caring, knowledgeable, consistent connection with each individual every time they meet us.

Accessibility: We remove barriers to learning formed by time, geography, education, culture, experience or beliefs to provide a full range of quality educational opportunities for all who can benefit.

Our Mission

Waubonsee Community College is a public, comprehensive community college, which was organized in 1966 as mandated by the Illinois Community College Act to provide education and training services for individuals in portions of Kane, Kendall, DeKalb, LaSalle and Will counties of District 516.

The philosophy of Waubonsee Community College is based on the premise that education is the cornerstone of a literate, democratic society; that learning is a lifelong process; and that the pursuit of knowledge must be supported by institutional policies that demonstrate the values of quality, value, innovation, service and accessibility.

Our Commitments

- Provide quality educational programs and services, which are academically, geographically, financially, technologically and physically accessible to meet the educational and training needs of a diverse, multicultural population and the organizations within our community.
- Maintain institutional policies, programs, practices and efforts that provide an emphasis on a learning-centered college for students and the community.
- Develop the intellectual, physical, social, cultural and career potential of the individual.
- Promote diversity in faculty, staff and student recruitment; staff development; and cultural enrichment activities.
- Contribute to the economic, workforce, social, recreational and cultural quality of life of the community.
- Cooperate with other local, state and national organizations and provide leadership that will enhance educational services and avoid duplication of services.

Our Programs and Services

Transfer Programs: Associate degree education consisting of communications, social and behavioral sciences, physical and life sciences, mathematics, humanities and arts, education, engineering and other pre-professional fields designed to prepare students for transfer to baccalaureate degree-granting institutions.

Workforce Education and Training: Business, health care, technical and professional education consisting of associate degrees, certificates, courses, workshops and seminars designed for career, entry-level employment, transitioning, retraining and/or upgrading of skills to meet current and emerging employment needs and trends.

Training includes courses, programs and contract training designed to meet the workplace needs of both individuals and organizations with an emphasis on skill building and improved

productivity.

Pre-College Programs: Courses, programs and services designed to assist academically underprepared students to be successful in the next level of education, including reading, mathematics, writing, college success, literacy, high school equivalency exam preparation (HSE), General Education Diploma (GED), Adult Basic Education (ABE) and English Language Acquisition (ELA)/English as a Second Language (ESL).

Community Education: Courses and special events and experiences designed for the personal enrichment of the lives of learners of all ages and to promote lifelong learning.

Student Services: Services designed to meet the needs of a diverse student population that include counseling, advising, transfer planning, admissions, registration and records, assessment, financial aid, career development, student life programming, intercollegiate athletics and assistance for those students with disabilities.

Our Program Support

Instructional Support: Services designed to facilitate and provide support to the instructional process, including new programs; alternative delivery systems such as online courses; tutoring; the use of instructional technology; the libraries; and learning laboratories.

Administrative Support: Organizational support that provides services for employee selection and development, financial services, facilities, operational management, technology advancements, research, planning, marketing and communications, and campus safety.

Community Support: Service to communities and organizations may be provided by the college to meet local needs. These combined efforts may include collaborations and partnership activities which will improve the quality of life.

PROFILE OF THE COLLEGE

Waubonsee was established in August 1966, when the electorate of 12 school districts in most of Kane and portions of Kendall, DeKalb, LaSalle and Will counties voted to establish Community College District 516. A naming contest held in March 1967 drew 600 entries, resulting in the current name, which means "early dawn" or "early day" and comes from a Pottawatomie Native

American chief who lived in the Fox River Valley during the 1800s.

Waubonsee Community College draws its students from a vast community of learners that today includes 452,958 residents encompassing a 624-square-mile geographic area. Those residents live in or near 22 municipalities and may attend one of 12 public or several private school districts that draw the outline of the community college district. Five decades later, the college has proudly served over 318,000 students, has grown to four campuses, and also provides online offerings.

Waubonsee's network of four campuses offers students everything they need to succeed. At our Sugar Grove Campus, students access classrooms, labs and services via peaceful walkways that wind through a lush canopy of oaks and around beautiful Huntoon Lake. Located in the heart of Illinois' second largest city, our Aurora Downtown Campus offers one-stop student services and signature Associate in Applied Science (AAS) Degree and Certificate Programs. Our Aurora Fox Valley Campus is focused on health care programs, and features state-of-the-art labs with professional medical equipment, giving students hands-on, realistic experience with current equipment and procedures. Located in the southwest portion of Waubonsee's district, our Plano Campus was approved for a reinvention in late 2018 as Waubonsee's Innovation and Design Center. This new focus includes the expansion of our Welding program, re-designed space to provide maximum flexibility for additional programming and training in related areas such as Production Technology and Computer Aided Design and Drafting (CADD), as well as the development of a Cybersecurity program set to launch in fall 2020.

The College offers associate degrees and certificates in today's most desirable career fields, and a general studies associate degree and certificate designed primarily for students who have chosen to pursue a broad general program. District residents are able to complete their degrees or certificates conveniently with a multitude of flexible learning options. Online courses, blended courses with online and select classroom meetings, and accelerated courses are in place and provide flexibility for students. The College offers dual credit programs where enrolled students earn both high school and college credit. In addition, summer school programs for high school students, honors courses and international study opportunities are offered.

The College also offers noncredit programs that provide community education, individual development and learning, and workforce training services to local organizations and to individuals. Adult Basic Education and English Language Acquisition curriculum opens doors to personal achievement for those who need to strengthen their educational foundation. The College's Adult Education Department also collaborates with numerous agencies, organizations, and schools to provide adult

education and family literacy services to our district.

Waubonsee also provides career development programs for job seekers and career changers, as well as skill enhancement for employees seeking professional development. Through customized training programs, Waubonsee partners with corporate clients (i.e. businesses, industries and government agencies) to develop and deliver training solutions that improve the skills of the corporation's most important resource, its employees.

Although there have been small decreases over the past few years, the percentage of students of color enrolled in credit courses is growing overall. In the past 10 years, the students of color percentage enrolled at Waubonsee has increased from 32% to 45% - a change reflective of the changing demographics of the college district.

From 2010 to 2018 the population in the five counties in Waubonsee Community
College's district increased by 41,206. Since 2010, Kendall County experienced an 11.4% population growth and Kane County experienced a 3.7% increase in population, compared to a 6% estimated growth rate across the U.S. Many of the district's communities have major business parks. The district continues to see development in business parks in many communities and City of Aurora initiatives.

MAJOR INITIATIVES - FY2020 HIGHLIGHTS

Waubonsee has now completed year one of our three-year Strategic Plan that is built upon the three pillars of Student Equity and Success, Community Connections, and Employee and Organizational Excellence. As we begin year two, we acknowledge the impact of recent transformative events in our community and country which highlight the importance and urgency of our work within these three pillars.

Whether viewed as a fiscal year, an academic year, or a calendar year, the year 2020 felt like a tale of two years. In the middle of the spring semester, as the global pandemic unfolded, Waubonsee immediately shifted student services and instruction online. And, with the changing nature of this health emergency, we have continued to adapt and adjust our processes and procedures to continue to meet the needs of students and our community both now and in the future while protecting the health and safety of our students and employees. Immediately following the conclusion of the spring semester, we worked with faculty to develop Waubonsee's MyChoice initiative to offer students five options on how to attend class beginning with the Fall Semester.

More than 300 students were inducted into 30 academic honor societies this year. To celebrate the accomplishments, dedication and commitment of the class of 2020, we hosted a virtual commencement ceremony, mailed each graduate a celebratory commencement box, and held a drive-thru celebration.

In June 2020, our communities and our nation entered a new phase of dialogue about race relations. Waubonsee began a Sustained Dialogues series with Dr. J. Q. Adams, Professor Emeritus at Western Illinois University. Through these discussions, we provided students and employees the opportunity to talk about how their feelings and how they were processing the death of George Floyd and the events following. This series also began discussions on what we might do as a college to build an anti-racist culture and how that can advance our student equity efforts and our expertise in serving students more effectively.

This year also included the transformation of our Plano Campus into the College's Innovation and Design Center. The reimagined Plano Campus has been remodeled into a place where innovation, creativity, and partnerships lead to degrees, industry certifications, a skilled workforce, and community collaboration. The Center is now home to Computer Aided Design and Drafting, Welding Technology, and our exciting new Cybersecurity Program. In addition, the College renovated Von Ohlen Hall on the Sugar Grove Campus. The primary home of the college's music and art programs, this beautiful new space features state-of-the-art equipment, collaboration space, and areas to showcase student artwork. Both newly renovated buildings opened for the 2020-2021 academic year.

Upon his retirement, we bid farewell to our former Chief Financial Officer/College Treasurer, David Quillen and welcomed Douglas Minter to that role in May. Mr. Minter brings a wealth of experience from Heartland Community College where he was employed for 29 years most recently as Vice President of Business Services and Institutional Effectiveness.

Strategic Plan (FY2020-FY2022)

Waubonsee's strategic plan for FY2020 – FY2022 highlights Waubonsee's goal to be the top choice for learning in our community. The plan is focused on three pillars – student equity and success, community connections, and employee and organizational excellence. More detail on the plan can be found at http://www.waubonsee.edu/strategicplan.

As part of our ongoing commitment to quality and continuous improvement, Waubonsee has also identified institutional metrics on our College Scorecard. The College Scorecard allows us to measure ourselves internally, ensuring that we are maximizing our potential and performance, while concurrently benchmarking ourselves against other community colleges with metrics focused on student success. student and employee satisfaction, enrollment, and financial stewardship. Both the Strategic Plan and the associated metrics tracked on

the College Scorecard are part of an intentional strategic planning process that includes annual goal setting, and bi-annual review and evaluation of the College Scorecard.

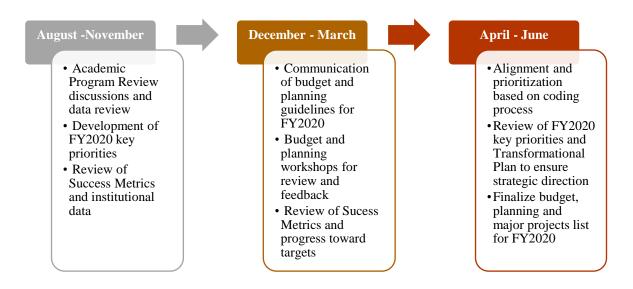

The development of our College Scorecard included research that focused on five community colleges that have similar, public facing documents: Elgin Community College, Jackson College, Parkland College, William Rainey Harper College, and the City Colleges of Chicago system. Seventeen metrics were selected that are directly linked to federal reports and benchmarks to ensure that we could gather external comparison data. With the development of a new strategic plan, the targets for each metric on the College Scorecard were also updated with new targets for FY2022. Waubonsee's scorecard can be found on the Institutional Reports webpage at https://www.waubonsee.edu/about-waubonsee/why-waubonsee/glance/institutional-reports.

Aligning Budgeting and Strategy

For the FY2020 budget and planning process, Waubonsee's Assistant Vice President of Finance and Dean for Institutional Effectiveness worked together to continue a focus on developing intentional connections between budgeting and planning, and ensuring that both processes were aligned with the new strategic plan. During the budget and planning process, each college department was asked to identify budget requests or proposed projects for FY2020 that were aligned with the new Strategic Plan. In addition, each unit documented their resource needs, which included not only new personnel and financial resources, but also support from institutional support departments – e.g., Information Technology, Institutional Effectiveness, Campus Safety and Operations, and Marketing and Communications.

For the development of the FY2020 budget, requests for budget and planning were due in early February (versus late February in prior years) to accommodate more time to investigate and prioritize requests. After the initial submissions, the Assistant Vice President of Finance and the Dean for Institutional Effectiveness met to review and cross-reference the budget and planning requests to see if there were any gaps or inconsistencies in the submissions. Then, a larger group of administrators met to review and assess the requests prior to discussion with the Vice Presidents. That group included representation from Finance, Marketing and Communications, Information Technology, Institutional Effectiveness, Campus Safety and Operations, Educational Affairs, Human Resources, and Student Development. The senior leadership team received the lists in March 2019 and were asked to review the final prioritizations with their teams. They verified the list and provided feedback and changes as needed. This discussion and prioritization process resulted in a Major Projects list that guided further budget discussion related to personnel and equipment requests.

Annual Timeline for Aligning Budget and Planning with Institutional Strategy

ACCOUNTABILITY

Planning and Accreditation

In 2017, Waubonsee Community College was recommended for continued accreditation by The Higher Learning Commission (Commission). Waubonsee moved to the Open Pathway process for accreditation, which follows a ten-year cycle and remains focused on quality assurance and institutional improvement. The Open Pathway is unique in that its improvement component, the Quality Initiative, affords institutions the opportunity to pursue improvement projects that meet their current needs and aspirations.

Year 4: Assurance Review - Institutions complete an Assurance Review to ensure they are continuing to meet the Commission's Criteria for Accreditation. The institution provides documentation demonstrating how it fulfills each Criterion and Core Component. A peer review team evaluates these materials and recommends whether the institution should continue in the

cycle or whether additional monitoring is required. The Commission's Institutional Actions Council (IAC) reviews and takes official action on the recommendation. Waubonsee's Assurance Review is scheduled for June 2021.

Years 5-9: Quality Initiative - Institutions design and undertake a Quality Initiative project. Commission peer reviewers approve an initial project proposal, as well as a report on the outcomes of the project.

Year 10: Comprehensive Evaluation - Institutions undergo a comprehensive evaluation to ensure they are meeting the Criteria for Accreditation, pursuing institutional improvement and complying with certain requirements set by the U.S. Department of Education. This review leads to an action regarding the reaffirmation of the institution's accreditation.

A summary of the college's accreditation work can be found on the college's website at https://www.waubonsee.edu/about-waubonsee/accreditation.

FISCAL RESPONSIBILITY

As a testament to Waubonsee's diligence and skill in financial stewardship, the Government Finance Officers Association of the United States and Canada (GFOA), a non-profit professional organization, awarded a *Certificate of Achievement for Excellence in Financial Reporting* to Waubonsee Community College District 516 for its comprehensive annual financial report for the fiscal year ended June 30, 2019. This Certificate of Achievement is a prestigious national award recognizing conformance with the highest standards for preparation of state and local government financial reports.

To be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized comprehensive annual financial report (CAFR), whose contents conform to program standards. Each CAFR must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. Waubonsee Community College District 516 has received the Certificate of Achievement for 21 consecutive years beginning in 1999.

The College received the GFOA *Award for Best Practice in Community College Budgeting* for fiscal year 2018. This award is presented to community colleges demonstrating a budget process aligned with GFOA's best practice recommendations. The College's FY2019 budget is currently under review by the GFOA for this award. The College previously received the *Distinguished Budget Presentation Award* for four years for fiscal years 2014 through 2017.

The College's bond rating has remained stable since 2010. Due to a bond refunding in 2011, Moody's Investor Service, Inc. conducted a financial review of the College which resulted in an upgrade of the College's bond rating from "Aa2" to "Aa1". This rating was reaffirmed in 2016. In 2010, S&P Global Ratings upgraded the College's bond rating from "AA-" to "AA+" and in 2016 reaffirmed the College's bond rating. Ratings by both of these agencies have placed the College just below the top rating of "AAA."

Internal Control. Management of the College is responsible for establishing and maintaining internal controls designed to ensure that the assets of the College are protected from loss, theft or misuse, and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with accounting principles generally accepted in the United States and those prescribed by the Illinois Community College Board. The internal controls are designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that the cost of a control should not exceed the benefits likely to be derived and the valuation of costs and benefits requires estimates and judgments by management.

Budgetary Controls. The College maintains budgetary controls to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the College's board of trustees. The legal level of budgetary control, the level at which expenditures cannot exceed the budget amount, is established at the sub-fund level. Transfers are allowed between various accounts within a fund but may not exceed in aggregate 10 percent of the total budget for that fund. If a transfer is needed in excess of the 10 percent aggregate for that fund, the board of trustees is required to amend the original budget. The College has a board guideline to adopt a balanced operating budget. A balanced budget has funding resources exceeding or equivalent to budgeted expenditures and may include the allocation of prior year excess or fund balance to offset current year anticipated expenditures. The College maintains an encumbrance accounting system as one technique to accomplish budgetary control. Encumbered amounts lapse at year-end.

The State has passed a FY2021 budget that included level community college funding allocations. While payments have become more predictable in in the last few years, renewed State financial difficulties again mean unpredictable funding. State funding in actual cash paid to the college represents only 8.0% of total revenues in the operating budget for the College. Due to recurring uncertainties at the State level, it continues to be prudent for the College to not rely on state funding to support operating expenses. This budgeting practice was instituted by the College in 2011 after inconsistent messages from the State regarding its ability to pay resulted in the College implementing FY2010 budget cuts mid-year. While State funding is budgeted as revenue, it is fully offset by transfers to the Operations and Maintenance, Restricted Fund to support future capital, deferred maintenance projects, and technology, academic, and other capital equipment needs of the College, and to the Retiree Medical Insurance and Retirement Account to support College costs related to State sponsored pension and retirement related programs. The State has failed to fully fund the College Insurance Program (community college retiree's health insurance program or CIP) and discussions have included increasing the employer contribution. The lack of funding for the CIP program has resulted in the College reflecting a \$32.9 million liability as of June 30, 2020. This liability was a \$33.3 million liability as of June 30, 2019. Despite the reduction in the liability as of June 30, 2020, the College anticipates incurring an additional liability of approximately \$3 million each year if the underfunding for CIP does not change. Currently the College has fully reserved for the \$32.9 million liability. The College continually monitors State discussions related to the CIP program for any actual obligation to pay this amount and its potential effects on the operations of the College.

The College's largest source of revenue is property taxes. Significant increases in property tax revenue occurred through 2008 due to the rapid growth in the College's equalized assessed valuation (EAV) and then declined through 2014. The EAV has now reflected increases between 3.9% to 7.3% each year for 2015 through 2019. The FY2021 budget was prepared with an overall 2.0% increase in property taxes. The growth estimate is conservative and slightly higher than the Consumer Price Index (CPI) and also takes into consideration debt service requirements. Current property tax cap law allows for an increase in property taxes equal to the lesser of the CPI or 5%. The 2018 CPI applied to the 2019 tax levy was 1.9% and the 2019 CPI to be applied to the 2020 tax levy is 2.3%. A portion of the College's tax levy subject to the property tax cap is also subject to statutory limiting rates which apply to the education, operations and maintenance, and audit levies. The College monitors these rates and is currently under the maximum rate for these levies. Expiring Tax Increment Financing (TIF) districts are treated like new construction and provide additional funds to the College in the year after expiration. Past discussions at the State have included freezing future property tax revenues. Legislation relating to the property tax cap, if passed, would likely have a negative impact on the College's ability to levy increased taxes in the future. The College has the capacity to meet a portion of the revenue limitation as a result of this cap through increased tuition rates.

In March 2020 the U.S. Congress passed the Coronavirus Aid, Relief, and Economic Security (CARES) Act. Provisions of the CARES Act grant allocated funds to colleges and universities to aid students as they transitioned from in-person learning to online learning and to help institutions recover some of the expenses incurred as a result of the coronavirus pandemic. The College has been allocated \$3.2 million in CARES Act funds from the federal government. At least 50 percent (or \$1.6 million) of the total CARES funding must be used to provide emergency relief grants to eligible students. More specifically, a portion of these funds are allocated to student grants to help support the technology needs that arose as a result of this unexpected transition to online learning. To date, approximately \$600,000 has been distributed to eligible students. The CARES Act allows for the remaining \$1.6 million to be used to cover costs associated with significant changes to the delivery of instruction due to the coronavirus. The College is utilizing a portion of these funds to enhance technology to support online delivery of instruction and continues to assess options for the most effective use of CARES funds to support the college's commitment to providing a quality teaching and learning experience.

The College adopted a FY2021 balanced budget that was built on the basis of continuing operations at current operating levels, taking into account implementing the Strategic Plan, FY2021 additional institutional priorities, and any other significant changes in operations.

Independent Audit. The Illinois statutes require an annual audit of the College's financial statements by independent certified public accountants. The College's board of trustees selected Sikich LLP to perform this function. The auditors' report, which contains an unmodified opinion on the College's financial statements for the years ended June 30, 2020 and 2019, is included in the financial section of this report.

Acknowledgments. The timely preparation of the comprehensive annual financial report was made possible by the dedicated service of the entire staff of the Finance Department as well as other administrative staff of the College.

In closing, without the leadership and support of the board of trustees of the College, preparation of this report would not have been possible.

Respectfully submitted,

Christine J. Sobek, Ed.D.

INDEPENDENT AUDITOR'S REPORT

Board of Trustees Waubonsee Community College District 516 Sugar Grove, Illinois

We have audited the accompanying financial statements of the business-type activities of Waubonsee Community College District 516 (the College) and the College's discretely presented component unit, Waubonsee Community College Foundation, as of and for the years ended June 30, 2020 and 2019, and the related notes to the financial statements which collectively comprise the College's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. The financial statements of the Waubonsee Community College Foundation were not audited in accordance with *Government Auditing Standards*.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the College's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the College's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the business-type activities of Waubonsee Community College District 516 and the College's discretely presented component unit, Waubonsee Community College Foundation, as of June 30, 2020 and 2019, and the respective changes in financial position and, where applicable, cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Emphasis of Matter- Changes in Accounting Principles

As discussed in Note 11 to the financial statements, the College adopted new accounting guidance, GASB Statement No. 84, *Fiduciary Activities*, during the year ended June 30, 2020. The implementation of this guidance resulted in changes to the current liabilities, net position, revenue, expense and notes to financial statements. The data as of the June 30, 2019 fiscal year end was not restated as the required information was not available. Our opinion is not modified with respect to this matter.

As discussed in Note 11 to the financial statements, the Foundation adopted the provisions of Accounting Standards Update (ASU) No. 2014-09, *Revenue from Contracts with Customers*, as amended by ASU 2015-14, and ASU No. 2018-08, *Not-for-Profit Entities: Clarifying the Scope and the Accounting Guidance for Contributions Received and Contributions Made*. The adoption of these ASUs did not result in a change to the accounting of any of the Foundation's revenue streams; as such, no cumulative effect adjustment was recorded. Our opinion has not been modified with respect to these matters.

As discussed in Note 11 to the financial statements, the Foundation adopted new accounting guidance as issued by the Financial Accounting Standards Board (FASB) under Accounting Standards Update (ASU) No. 2016-14, *Not-for-Profit Entities (Topic 958) - Presentation of Financial Statements of Not-for-Profit Entities* during the year ended June 30, 2019. Our opinion is not modified with respect to this matter.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and the required supplementary information listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements and other knowledge we obtained during our audits of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audits were conducted for the purpose of forming opinions on the financial statements that collectively comprise the College's basic financial statements. The introductory section, statistical section, supplementary information, supplemental financial information and uniform financial statements as listed in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The supplementary information, supplemental financial information and uniform financial statements are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audits of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audits of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 5, 2020 on our consideration of the College's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the College's internal control over financial reporting and compliance.

Management's Discussion and Analysis

This section of Waubonsee Community College District 516's (the College) Comprehensive Annual Financial Report presents management's discussion and analysis of the College's financial activity during the fiscal years ended June 30, 2020, 2019 and 2018. Since this management's discussion and analysis is designed to focus on current activities, resulting change and currently known facts, please read it in conjunction with the transmittal letter, the College's basic financial statements and the notes to the financial statements. Responsibility for the completeness and fairness of this information rests with the College.

Using This Annual Report

The College's basic financial statements are designed to emulate corporate presentation models whereby all of the College's activities are consolidated into one total. The purpose of the Statement of Net Position is to present the bottom line results of the College. This statement combines and consolidates current financial resources with capital assets and long-term liabilities. The Statement of Revenues, Expenses, and Changes in Net Position focuses on both the gross costs and the net costs of the College's activities, which are supported mainly by local property taxes, tuition and state revenues. This approach is intended to summarize and simplify the user's analysis of the cost of the various services which the College provides to its students and community.

In accordance with GASB Statement No. 39 and GASB Statement No. 61, the College has included the Waubonsee Community College Foundation as a discretely presented component unit of the College as it is a separate legal entity. Additionally, the College has presented a comparative analysis of current and prior year College-wide information.

Financial Highlights

For the years ended June 30, 2020, 2019 and 2018, the College recorded total operating revenues of 21,749, 561, \$22,706,559, and \$24,073,974 and total operating expenses of \$107,546,157, \$106,825,669, and \$105,600,837, respectively. The difference produced an operating loss of \$85,796,596 for fiscal year 2020, \$84,119,110 for fiscal year 2019, and \$81,526,863 for fiscal year 2018. For the year ended June 30, 2020, net non-operating revenues of \$104,840,137 offset the loss and resulted in an overall increase in net position of \$19,043,541. For the year ended June 30, 2019, net non-operating revenue of \$99,473,125 offset the loss and resulted in an overall increase in net position of \$15,354,015. For the year ended June 30, 2018, net non-operating revenue of \$90,981,857 offset the loss and resulted in an overall increase in net position of \$9,454,994.

For the years ended June 30, 2020, 2019 and 2018, non-operating revenues included local property taxes of \$53,563,496, \$51,737,359 and \$49,910,982, state grants and contracts of \$35,862,238, \$33,301,767 and \$31,212,793, federal grants and contracts of \$10,746,840, \$10,657,188 and \$10,367,760, respectively. Non-operating miscellaneous revenue and expense included net revenues (expenses) of \$4,667,563, \$3,776,881 and (\$509,678) for 2020, 2019 and 2018, respectively.

Both operating expenses and non-operating revenues include the College's proportionate share of revenues and expenses for pensions and other post-employment benefits from the State of Illinois as described in Note 1 to the financial statements.

For the year ended June 30, 2020, operating revenues accounted for 16.9 percent of the College's total revenue, while non-operating revenues accounted for the remaining 83.1 percent. Operating revenue consisted of tuition and fees totaling \$17,322,063, auxiliary enterprise revenue of \$2,996,837, and other miscellaneous revenue of \$1,430,661. For the year ended June 30, 2019, operating revenue accounted for 18.3 percent of the College's total revenue, while non-operating revenues accounted for the remaining 81.7 percent. Operating revenue consisted of tuition and fees totaling \$17,512,204, auxiliary enterprise revenue of \$3,290,671, and other miscellaneous revenue of \$1,903,684. For the year ended June 30, 2018, operating revenue accounted for 20.5 percent of the College's total revenue, while non-operating revenues accounted for the remaining 79.5 percent. Operating revenue consisted of tuition and fees totaling \$18,158,240, auxiliary enterprise revenue of \$3,639,636 and other miscellaneous revenue of \$2,276,098.

The increase in net position of \$19,043,541 plus \$451,122 for a change in accounting principle due to the implementation of GASB Statement No. 84, *Fiduciary Activities*, for the year ended June 30, 2020 brought the total net position to \$184,539,311. Information on the change in accounting principal related to this restatement can be found in Note 11 to the financial statements. The increase in net position of \$15,354,015 for the year ended June 30, 2019 brought the total net position to \$165,044,648. The increase in net position for the year ended June 30, 2018 was \$9,454,994. A restatement in the amount of \$28,192,686 for the College's proportionate share of the State of Illinois' College Insurance Program (CIP), the community college retirees' health insurance plan, reduced net position as of July 1, 2017, resulting in total net position as of June 30, 2018 of \$149,690,633.

The following schedule is prepared from the College's statement of net position which is presented on the accrual basis of accounting and the economic resources measurement focus.

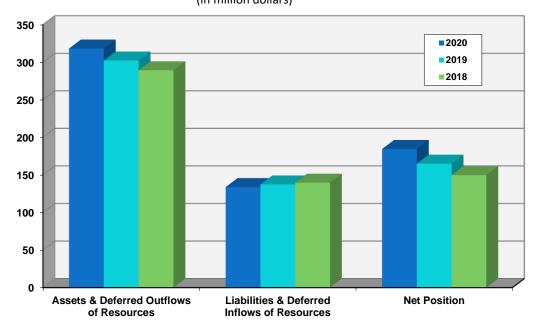

The increase in current assets as of June 30, 2020 and 2019 was primarily due to the increase in the market value of investments and increase in property taxes receivable which is a result of the timing of remittances from the County Treasurers. The decrease in noncurrent liabilities as of June 30, 2020 is primarily due to payments on outstanding bonds.

Financial Analysis of the College as a Whole

Net Position As of June 30 (in millions)

| Less Accumulated Depreciation | (68.1) | <u>(63.8)</u> | <u>(59.2)</u> |
| Net Capital Assets | <u>\$ 110.0</u> | <u>\$ 108.1</u> | <u>\$ 112.3</u> |

As of June 30, 2020, 2019 and 2018, respectively, the College had recorded \$178.1, \$171.9 and \$171.5 million in capital assets, \$68.1, \$63.8 and \$59.2 million in accumulated depreciation and \$110.0, \$108.1 and \$112.3 million in net capital assets. The increase in construction in progress represents the final stages of renovations to the Plano Campus and Von Ohlen Hall. The detail changes in activities for capital assets are provided for in Note 4 to the financial statements.

As of June 30, 2020, 2019 and 2018, the College has \$46,305,000, 52,510,000 and \$58,005,000 in long-term debt outstanding, respectively, excluding accrued compensated absences, Other Postemployment Benefits (OPEB) liability, special termination health insurance benefits payable and unamortized bond premium. Payment schedules, along with changes in activities of debt, are provided in Note 5 to the financial statements.

| Net position, end of year | <u>\$ 184.5</u> | <u>\$ 165.0</u> | <u>\$ 149.7</u> |

Operating revenues totaled \$21.7, \$22.7 and \$24.1 million for the years ended June 30, 2020, 2019 and 2018, respectively. The College's main source of operating revenue is derived from tuition and fees which accounted for 79.7 percent, 77.1 percent and 75.5 percent of total operating revenues for the years ended June 30, 2020, 2019 and 2018, respectively.

Tuition rates for fiscal years 2020, 2019 and 2018 were \$130, \$128 and \$126 per credit hour, respectively. Total credit hours generated for fiscal years 2020, 2019 and 2018 were 156,953, 160,942 and 167,182, respectively. The decrease in total credit hours the College experienced from 2019 to 2020 were distributed among all areas and not attributable to one area of concentration. The decrease in total credit hours the College experienced from 2018 to 2019 is distributed among most areas with business and health experiencing increases. These declines are also consistent with national trends.

For the year ended June 30, 2020, non-operating revenues totaled \$106.7 million. Property taxes represent 50.2 percent of this total which is the largest source of non-operating revenues. State grants and contracts are also a significant source of non-operating revenues at \$35.9 million or 33.6 percent of total non-operating revenues. Another significant source is federal grants and contracts at \$10.7 million or 10.0 percent of total non-operating revenues, which primarily reflected financial aid to students

For the year ended June 30, 2019, non-operating revenues totaled \$101.5 million. Property taxes are the largest source comprising 50.9 percent of total non-operating revenues. State grants and contracts are also a significant source of non-operating revenues at \$33.3 million or 32.8 percent of total non-operating revenues. Another significant source is federal grants and contracts at \$10.7 million or 10.5 percent of total non-operating revenues.

For the year ended June 30, 2018, non-operating revenues totaled \$93.3 million. Again, property taxes represent 53.4 percent of this total which is the largest source of non-operating revenues. State grants and contracts are also a significant source of non-operating revenues at \$31.2 million or 33.4 percent of total non-operating revenues. Another significant source is federal grants and contracts at \$10.4 million or 11.1 percent of total non-operating revenue.

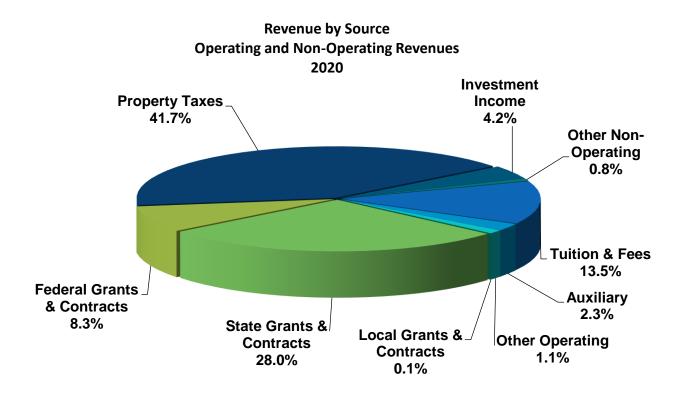

State grants and contracts increased in FY2020, FY2019 and FY2018 as a result of recording \$29.0, \$26.8, and \$24.4 million, respectively, in State of Illinois proportionate share revenue and expense for both the CIP as previously referenced and also increases in the State of Illinois proportionate share revenue and expense for State Universities Retirement Systems (SURS). Amounts reported for the State of Illinois proportionate share revenue and expense are described in Notes 6 and 7. The College's proportionate share of

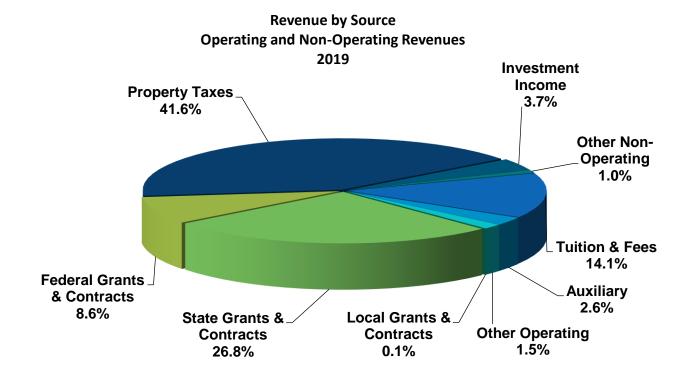

the State of Illinois pension and retiree health insurance costs ranges from \$1.9 - \$3.1 million each of the last three years and are recognized in both revenues and expenses. The increase reflected in federal grants from fiscal year 2018 to 2019 is primarily the result of new grant funding for a new Upward Bound program at West Aurora High School. The increase in investment income in each of the three years reflects an increase in investment income along with increased market values.

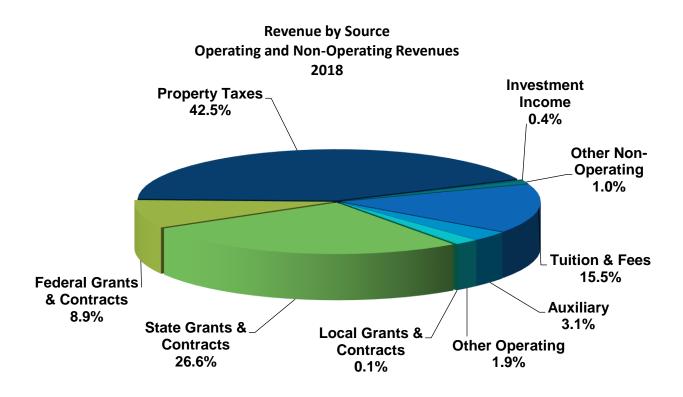

Public Act 89-1 placed limitations on the annual growth of the College's property tax levies. The College has recognized increased property tax revenues under the current property tax cap law which allows for an increase in property taxes equal to the lesser of the Consumer Price Index (CPI) or 5 percent without a referendum.

Interest expense and fiscal charges include interest expense and payments on bonds. Details of the long-term debt, in addition to payment schedules, are provided in Note 5 to the financial statements.

The following are graphic illustrations of revenues by source for the years ended June 30, 2020, 2019 and 2018:

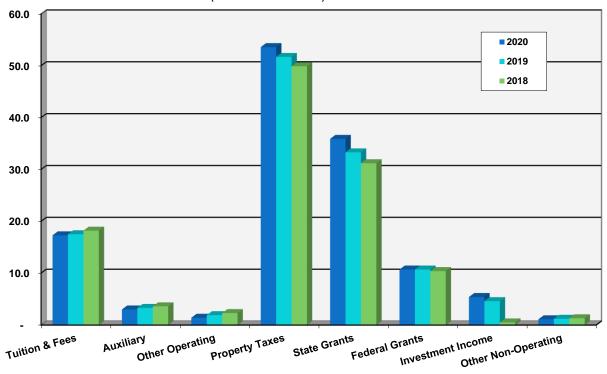

Comparison of Operating and Non-Operating Revenues June 30, 2020, 2019 and 2018

(in millions of dollars)

Operating Expenses

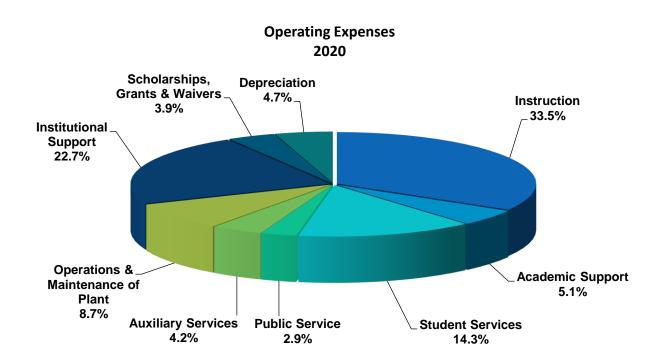

For the Years Ended June 30, (in millions)

| | <u>2020</u> | <u>2019</u> | <u>2018</u> |
|------------------------------------|-----------------|-----------------|-----------------|
| Operating expenses | | | |
| Instruction | \$ 36.0 | \$ 35.3 | \$ 34.6 |
| Academic support | 5.5 | 5.0 | 5.5 |
| Student services | 15.4 | 15.6 | 14.4 |
| Public services | 3.1 | 3.4 | 4.8 |
| Auxiliary services | 4.5 | 5.0 | 5.3 |
| Operation and maintenance of plant | 9.3 | 10.3 | 10.0 |
| Institutional support | 24.4 | 23.6 | 22.3 |
| Scholarships, grants and waivers | 4.2 | 3.4 | 3.7 |
| Depreciation | 5.1 | 5.2 | 5.0 |
| Total | <u>\$ 107.5</u> | <u>\$ 106.8</u> | <u>\$ 105.6</u> |

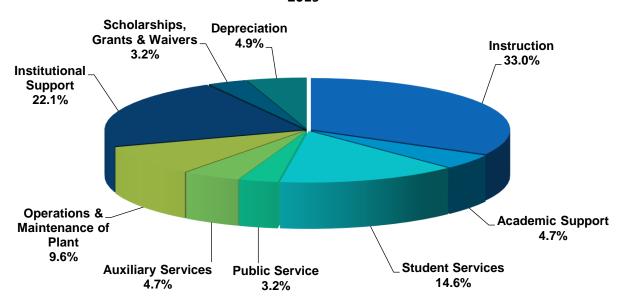

Operating expenses totaled \$107.5, \$106.8 and \$105.6 million with instruction representing the largest percent of operating expenses at 33.5 percent, 33.0 percent and 32.8 percent for all three years ended June 30, 2020, 2019 and 2018, respectively. Increases in total expenses from fiscal years 2019 to 2020 and 2018 to 2019 was primarily from an average \$2.3 million increase each year in the State of Illinois proportionate share of costs as noted previously and described in Notes 6 and 7.

Instruction consists of those activities dealing directly with the teaching of students. It includes the activities of faculty in the baccalaureate-oriented/transfer, occupational-technical career, general studies, developmental, and adult basic education programs. Student services includes services to students, athletic and student life activities. Institutional support represents 22.7 percent, 22.1 percent and 21.1 percent of operating expenses for the years ended June 30, 2020, 2019 and 2018, respectively. Institutional support includes expenses for central activities and support services that benefit the entire institution including information technology and fiscal operations.

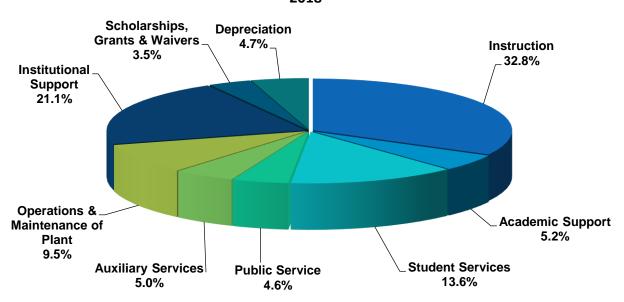

The following are graphic illustrations of operating expenses for the years ended June 30, 2020, 2019 and 2018:

Operating Expenses 2019

NOTES TO FINANCIAL STATEMENTS

June 30, 2020 and 2019

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of Waubonsee Community College District 516 (the College) have been prepared in conformity with accounting principles generally accepted in the United States of America, as applied to government units (hereinafter referred to as generally accepted accounting principles (GAAP)). The Governmental Accounting Standards Board (GASB) is the standard-setting body for governmental accounting and financial reporting principles. In addition, the College presents its financial statements in accordance with accounting practices prescribed or permitted by the Illinois Community College Board. The following is a summary of the more significant policies of the College.

a. Reporting Entity

The College is a separate legal entity established under Illinois Compiled Statutes (ILCS) governed by an elected Board of Trustees. The College is fiscally independent and is considered a primary government pursuant to GASB Statement No. 14 as amended by GASB Statement No. 61. The College has determined that the Waubonsee Community College Foundation (the Foundation), a fund raising organization that supports the College, meets the requirements of GASB Statement No. 39, *Determining Whether Certain Organizations Are Component Units, an amendment of GASB Statement 14*, which has resulted in the Foundation being reported as a discretely presented component unit of the College as it is legally separate from the College. Separate financial statements of the Foundation are available from the Foundation's Treasurer, Route 47 at Waubonsee Drive, Sugar Grove, Illinois 60554.

b. Measurement Focus, Basis of Accounting and Financial Statement Presentation

For financial reporting purposes, the College is considered a special-purpose government engaged only in business-type activities. Accordingly, the College's financial statements have been presented using the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis, revenues are recognized when earned and expenses are recorded when an obligation has been incurred. All significant intra-agency transactions have been eliminated.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

b. Measurement Focus, Basis of Accounting and Financial Statement Presentation (Continued)

Non-exchange transactions, in which the College receives value without directly giving equal value in return, includes property taxes, federal, state and local grants, state appropriations and other contributions. On an accrual basis, revenue from property taxes is recognized in the period for which the levy is intended to finance. Revenue from grants, state appropriations and other contributions is recognized in the year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted, matching requirements, in which the College must provide local resources to be used for a specified purpose, and expense requirements, in which the resources are provided to the College on a reimbursement basis.

The College reports unearned/deferred revenue on its statements of net position. Unearned revenues arise when a potential revenue does not meet both the measurable and earned criteria for recognition in the current period. Unearned revenues also arise when resources are received by the College before it has a legal claim to them, as when grant monies are received prior to meeting all eligibility requirements. Deferred revenue results from property taxes being levied and reported as a receivable before the period for which the taxes are levied. In subsequent periods, when both revenue recognition criteria are met or when the College has met all eligibility requirements, the liability for unearned/deferred revenue is removed from the statements of net position and revenue is recognized. Tuition and fee revenues related to courses primarily held after June 30, 2020 and 2019 are reported as unearned tuition and fees.

c. Cash

For purposes of the statements of cash flows, the College considers all pooled cash and investments and, for separate accounts, all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents.

d. Investments

The College has recorded all participating investments, regardless of maturity date, at fair value. Fair value is based on published fair values or other sources on June 30, 2020 and 2019. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between participants at the measurement date.

NOTES TO FINANCIAL STATEMENTS (Continued)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

e. Inventories

Inventories are valued at average cost and consist primarily of items held for resale in the bookstore.

f. Capital Assets

Capital assets include property, plant, equipment, intangibles and infrastructure assets, such as roads and sidewalks. Capital assets are defined by the College as assets with an initial unit cost of \$5,000 or more, except for intangible assets and buildings and improvements for which the initial unit cost is greater than \$25,000 and \$200,000, respectively, and an estimated useful life in excess of three years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed.

Capital assets of the College are depreciated using the straight-line method over the following useful lives:

| Assets | Years |
|----------------------------|-------|
| | |
| Intangibles | 3 |
| Equipment | 3-10 |
| Land improvements | 15 |
| Buildings and improvements | 40 |

g. Accrued Compensated Absences

Accumulated vacation leave is recorded as an expense and liability as the benefits accrue to employees. The liability for accumulated unpaid vacation leave is based upon accumulated days times the current pay rate for each employee. A maximum of 56 days may be accumulated for administrative and full-time support services staff. A liability has also been recorded for accumulated paid time off that may be paid to part-time support staff. The liability is based on accumulated hours times the current pay rate for each employee. A maximum of 192 hours may be accumulated.

When a full-time staff member retires after 15 years of service with the College he/she shall be reimbursed for 25% of his/her accrued sick leave up to 31.25 paid sick days unless the employee applies the sick days toward service credit for retirement with the State Universities Retirement System (SURS or the System). A liability has been recorded for the portion of sick pay that may be paid to employees.

NOTES TO FINANCIAL STATEMENTS (Continued)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

h. Long-Term Obligations

Long-term obligations are reported as liabilities in the applicable financial statements. Bond premiums and discounts, as well as the unamortized loss on refunding are deferred and amortized over the life of the bonds. Bonds payable are reported net of the applicable bond premium or discount. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as expenses.

i. Unearned Tuition and Fee Revenue

Tuition and fee revenues related to the periods after June 30, 2020 and 2019 have been classified as unearned.

j. Net Position

Net Investment in Capital Assets

This represents the College's total investment in capital assets, net of accumulated depreciation and net of the unmatured portion of long-term liabilities issued to construct or purchase the capital assets.

Restricted Net Position

This includes resources that the College is legally or contractually obligated to spend in accordance with restrictions imposed by external third parties. When both restricted and unrestricted resources are available for use, it is the College's policy to use restricted resources first, then unrestricted resources when they are needed. None of the College's net position is restricted due to enabling legislation adopted by the College.

Unrestricted Net Position

This includes resources derived from student tuition and fees, state appropriations and sales and services of educational departments and auxiliary enterprises. These resources are used for transactions relating to the educational and general operations of the College and may be used at the discretion of the governing board to meet current expenses for any purpose.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

k. Federal Financial Assistance

The College participates in federally funded Pell Grants, SEOG Grants, Federal Work-Study and the Stafford Direct Loan Program that are audited in accordance with the Uniform Guidance (Single Audit Act Amendments of 1996), the United States Office of Management and Budget Uniform Guidance and the Compliance Supplement.

1. Pension and Other Postemployment Benefit Revenue and Expense

The College applies the requirements of GASB Statement No. 68, Accounting and Financial Reporting for Pensions, whereby the State of Illinois is responsible for the employer contribution and the total pension liability resulting from a special funding situation. Therefore, for the fiscal years ended June 30, 2020 and 2019, the College has reported its proportionate share of the collective pension expense and revenue for the state's contribution. In addition, the College applies the requirements of GASB Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions, whereby the State of Illinois is responsible for 50% of both employer contribution and the total other postemployment benefit (OPEB) liability resulting from a special funding situation. Therefore, for the fiscal years ended June 30, 2020 and 2019, the College has reported its proportionate share of the collective OPEB expense and revenue for the state's contribution in addition to reporting the College's proportionate share of the OPEB liability and related expense.

m. Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

n. Deferred Outflows/Inflows of Resources

In addition to assets, the statements of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net assets that applies to a future period(s) and so will not be recognized as an outflow of resources (expense) until then. In addition to liabilities, the statements of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net assets that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time.

2. CASH AND INVESTMENTS

The College's investment policy authorizes the College to make deposits/invest in commercial banks, savings and loan institutions, obligations of the U.S. Treasury and U.S. agencies, insured credit union shares, money market mutual funds with portfolios of securities issued or guaranteed by the United States Government or agreements to repurchase these same obligations, repurchase agreements, short-term commercial paper rated within the three highest classifications by at least two standard rating services and The Illinois Funds. The Illinois Funds was created by the Illinois State Legislature and is managed by the Illinois State Treasurer.

The Illinois Public Treasurers' Investment Pool, known as The Illinois Funds, operates as a qualified external investment pool in accordance with the criteria established in GASB Statement No. 79, *Certain External Investment Pools and Pool Participants*, and thus, reports all investments at amortized cost rather than market value. The investment in The Illinois Funds by participants is also reported at amortized cost. The Illinois Funds does not have any limitations or restrictions on participant withdrawals. The Illinois Treasurer's Office issues a separate financial report for The Illinois Funds which may be obtained by contacting the Administrative Office at Illinois Business Center, 400 West Monroe Street, Suite 401, Springfield, Illinois 62704. The credit rating provided by Standard & Poor's of the Illinois Funds was AAAm at June 30, 2020 and 2019.

Illinois School District Liquid Asset Fund Plus is a not-for-profit investment trust fund formed pursuant to the Illinois Municipal Code and is managed by a Board of Trustees elected from the participating members. The fund invests member deposits, on a pooled basis, primarily in short-term certificates of deposit and in high rated short-term obligations of the U.S. Treasury and major United States corporations and banks. The fair value of the College's position in the pool is the same as the value of the pool shares. The credit rating provided by Standard & Poor's of the Illinois School District Liquid Asset Fund Plus - Liquid and Max Class was AAAm at June 30, 2020 and 2019.

It is the policy of the College to invest its funds in a manner which will provide the highest investment return with the maximum security while meeting the daily cash flow demands of the College and conforming to all state and local statutes governing the investment of public funds, using the "prudent person" standard for managing the overall portfolio. The primary objective of the policy is safety of principal, liquidity, yield and maintaining the public trust.

NOTES TO FINANCIAL STATEMENTS (Continued)

2. CASH AND INVESTMENTS (Continued)

Deposits with Financial Institutions

Custodial credit risk for deposits with financial institutions is the risk that in the event of bank failure, the College's deposits may not be returned to it.

The College's investment policy requires pledging of collateral for all bank balances in excess of federal depository insurance with the collateral held by an agent of the College in the College's name.

Investments

The following table presents the debt investments of the College as of June 30, 2020 and 2019, by type of investment:

June 30, 2020

The College categorizes its fair value measurements within the fair value hierarchy established by GAAP. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; and Level 3 inputs are significant unobservable inputs.

NOTES TO FINANCIAL STATEMENTS (Continued)

2. CASH AND INVESTMENTS (Continued)

Investments (Continued)

The College has the following recurring fair value measurements as of June 30, 2020 and June 30, 2019: Negotiable certificates of deposit of \$4,216,612 and \$1,732,017, respectively, U.S. agency securities of \$68,036,206 and \$47,766,070, respectively, U.S. Treasury securities of \$13,830,870 and \$11,701,188, respectively, and municipal bonds of \$7,640,162 and \$2,928,009, respectively, are valued using quoted matrix pricing models (Level 2 inputs).

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. In accordance with its investment policy, the College limits its exposure to interest rate risk by structuring the portfolio to provide liquidity for operating funds and maximizing yields for funds not needed within a two-year period. The investment policy does not strictly limit the maximum maturity lengths of investments.

The College limits its exposure to credit risk, the risk that the issuer of a debt security will not pay its par value upon maturity, by primarily investing in obligations guaranteed by the United States Government or securities issued by agencies of the United States Government that are explicitly guaranteed by the United States Government and municipal bonds rated in the highest four rating categories by a national rating agency.

The U.S. agency and Treasury obligations are rated between AAA and AA+ by Standards and Poor's. The municipal bonds are rated between AAA and AA- by Standards and Poor's.

Custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to the investment, the College will not be able to recover some or all of the investment that is in possession of an outside party. To limit its exposure, the College's investment policy requires all security transactions that are exposed to custodial credit risk to be processed on a delivery versus payment (DVP) basis with the underlying investments held by a third party acting as the College's agent separate from where the investment was purchased. The Illinois Funds and the Illinois School District Liquid Asset Fund are not subject to custodial credit risk.

Concentration of credit risk - At June 30, 2020 and 2019, the College did not have any one investment that was greater than 5% of its overall portfolio (other than United States Government guaranteed obligations). The College's investment policy contains specific restrictions related to the diversification of the investment portfolio.

Derivatives - The College's investment policy specifically prohibits the use of or the investment in derivatives.

NOTES TO FINANCIAL STATEMENTS (Continued)

3. PROPERTY TAX CALENDAR

The following information gives significant dates on the property tax calendar of the College:

- The property tax lien date is January 1;
- The annual tax levy ordinance of 2019 was passed on December 11, 2019 and the annual tax levy ordinance of 2018 was passed on December 12, 2018;
- Property taxes are due to the County Collectors in two installments, June 1 and September 1; and
- The College receives the majority of its distributions in May through October 2020 and 2019.

Property taxes are recognized as revenue in the year intended to finance, regardless of when collected. The second half of the 2018 levy and the first half of the 2019 levy are recognized as revenue in the 2020 fiscal year. The second half of the 2019 levy is intended to finance the 2021 fiscal year and, accordingly, is reported as deferred revenue. The 2020 tax levy, which attached as an enforceable lien on property as of January 1, 2020, has not been recorded as a receivable as of June 30, 2020 as the tax has not yet been levied and will not be levied until December 2020 and, therefore, the levy is not measurable at June 30, 2020.

4. CAPITAL ASSETS

Capital asset activity for the year ended June 30, 2020 is as follows:

| | Beginning | | | | | Ending |

5. LONG-TERM DEBT (Continued)

The following is a summary of the long-term debt of the College:

Accrued Compensated Absences

As described in Note 1, accrued compensated absences not due within one year are reported as long-term debt.

2011A General Obligation Refunding Bonds

The College issued \$26,285,000 General Obligation Refunding Bonds, Series 2011A. The bonds, dated December 7, 2011, are due in annual installments of \$1,445,000 to \$4,280,000 through December 15, 2020, with interest ranging from 4% to 5% payable each June 15 and December 15. Debt service to maturity on this issue is as follows:

| Year Ending June 30, | Principal | Interest | Total |
|----------------------|--------------|------------|--------------|
| 2021 | \$ 4,280,000 | \$ 107,000 | \$ 4,387,000 |
| TOTAL | \$ 4,280,000 | \$ 107,000 | \$ 4,387,000 |

2011C General Obligation Limited Tax Bonds

The College issued \$2,510,000 General Obligation Limited Tax Bonds, Series 2011C. The bonds, dated December 7, 2011, are due in annual installments of \$20,000 to \$405,000 through December 15, 2024, with interest ranging from 3.00% to 4.25% payable each June 15 and December 15.

| Year Ending June 30, | Princij | pal Interest | Total |
|----------------------|----------|-----------------|--------------|
| 2021 | \$ 305 | ,000 \$ 65,700 | \$ 370,700 |
| 2022 | 325 | 53,862 | 2 378,862 |
| 2023 | 350 | ,000 40,362 | 390,362 |
| 2024 | 380 | ,000 25,287 | 405,287 |

| TOTAL | \$ 9 | 80,000 \$ | 109,444 | 5 1,089,444 |

6. RETIREMENT COMMITMENTS

Plan Description

The College contributes to SURS, a cost-sharing multiple-employer defined benefit plan with a special funding situation whereby the state makes substantially all actuarially determined required contributions on behalf of the participating employers. SURS was established July 21, 1941 to provide retirement annuities and other benefits for staff members and employees of state universities, certain affiliated organizations and certain other state educational and scientific agencies and for survivors, dependents and other beneficiaries of such employees. SURS is considered a component unit of the state's financial reporting entity and is included in the state's financial reports as a pension trust fund. SURS is governed by Section 5/15, Chapter 40 of the ILCS. SURS issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by accessing the website at www.SURS.org.

Benefits Provided

A traditional benefit plan was established in 1941. Public Act 90-0448 enacted effective January 1, 1998, established an alternative defined benefit program known as the portable benefit package. The traditional and portable plan Tier 1 refers to members that began participation prior to January 1, 2011. Public Act 96-0889 revised the traditional and portable benefit plans for members who begin participation on or after January 1, 2011, and who do not have other eligible Illinois reciprocal system services. The revised plan is referred to as Tier 2. New employees are allowed six months after their date of hire to make an irrevocable election. A summary of the benefit provisions can be found in the SURS' comprehensive annual financial report (CAFR) notes to financial statements.

Contributions

The state is primarily responsible for funding SURS on behalf of the individual employers at an actuarially determined amount. Public Act 88-0593 provides a Statutory Funding Plan consisting of two parts: (i) a ramp-up period from 1996 to 2010 and (ii) a period of contributions equal to a level percentage of the payroll of active members of the System to reach 90% of the total actuarial accrued liability by the end of fiscal year 2045. Employer contributions from trust, federal and other funds are provided under Section 15-155(b) of the Illinois Pension Code and require employers to pay contributions which are sufficient to cover the accruing normal costs on behalf of applicable employees. The employer normal cost for fiscal year 2019 and 2020 was 12.29% and 13.02%, respectively, of employee payroll.

6. RETIREMENT COMMITMENTS (Continued)

Funding Policy

The normal cost is equal to the value of current year's pension benefit and does not include any allocation for the past unfunded liability or interest on the unfunded liability. Plan members are required to contribute 8% of their annual covered salary. The contribution requirements of plan members and employers are established and may be amended by the Illinois General Assembly.

Participating employers make contributions toward separately financed specific liabilities under Section 15.139.5(e) of the Illinois Pension Code (relating to contributions payable due to the employment of affected annuitants or specific return to work annuitants) and Section 15.155(g) (relating to contributions payable due to earning increases exceeding 6% during the final rate of earnings period).

a. Pension Liabilities, Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

Net Pension Liability

At June 30, 2019 and 2018, SURS reported a net pension liability of \$28,720,071,173 and \$27,494,556,682, respectively. The net pension liability was measured as of June 30, 2018 and 2017, respectively.

Employer Proportionate Share of Net Pension Liability

For the year ended June 30, 2020, the amount of the proportionate share of the net pension liability to be recognized for the College is \$0. The proportionate share of the state's net pension liability associated with the College is \$251,989,904 or 0.8774%. This amount is not recognized in the financial statement due to the special funding situation. The net pension liability was measured as of June 30, 2019 and the total pension used to calculate the net pension liability was determined based on the June 30, 2018 actuarial valuation rolled forward. The basis of allocation used in the proportionate share of net pension liability is the actual reported pensionable earnings made to SURS during fiscal year 2019.

For the year ended June 30, 2019, the amount of the proportionate share of the net pension liability to be recognized for the College is \$0. The proportionate share of the state's net pension liability associated with the College is \$246,158,766 or 0.8953%. This amount is not recognized in the financial statement due to the special funding situation.

NOTES TO FINANCIAL STATEMENTS (Continued)

6. RETIREMENT COMMITMENTS (Continued)

Funding Policy (Continued)

a. Pension Liabilities, Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

Employer Proportionate Share of Net Pension Liability (Continued)

The net pension liability was measured as of June 30, 2018, and the total pension used to calculate the net pension liability was determined based on the June 30, 2017 actuarial valuation rolled forward. The basis of allocation used in the proportionate share of net pension liability is the actual reported pensionable earnings made to SURS during fiscal year 2018.

Pension Expense

At June 30, 2019 and 2018, SURS reported a collective net pension expense of \$3,094,666,252 and \$2,685,322,700, respectively.

Employer Proportionate Share of Pension Expense

The College's proportionate share of collective net pension expense is recognized as both revenue and matching expense in the 2020 financial statements. The basis of allocation used in the proportionate share of collective pension expense is the actual reported pensionable earnings made to SURS during fiscal year 2019. As a result, the College recognized revenue and pension expense of \$27,152,602 for the fiscal year ended June 30, 2020.

The College's proportionate share of collective net pension expense is recognized as both revenue and matching expense in the 2019 financial statements. The basis of allocation used in the proportionate share of collective pension expense is the actual reported pensionable earnings made to SURS during fiscal year 2018. As a result, the College recognized revenue and pension expense of \$24,041,694 for the fiscal year ended June 30, 2019.

Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

Deferred outflows of resources are the consumption of net assets by the College that is applicable to future reporting periods. The College paid \$151,497 in federal, trust or grant contributions for the fiscal year ended June 30, 2020. These contributions were made subsequent to the pension liability measurement date of June 30, 2019 and are recognized as deferred outflows of resources as of June 30, 2020.

NOTES TO FINANCIAL STATEMENTS (Continued)

6. **RETIREMENT COMMITMENTS (Continued)**

Funding Policy (Continued)

Pension Liabilities, Expense and Deferred Outflows of Resources and Deferred a. Inflows of Resources Related to Pensions (Continued)

Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

Deferred outflows of resources are the consumption of net assets by the College that is applicable to future reporting periods. The College paid \$132,377 in federal, trust or grant contributions for the fiscal year ended June 30, 2019. These contributions were made subsequent to the pension liability measurement date of June 30, 2018 and are recognized as deferred outflows of resources as of June 30, 2019.

b. **Assumptions and Other Inputs**

Actuarial Assumptions

The actuarial assumptions used in the June 30, 2020 valuation were based on the results of an actuarial experience study for the period June 30, 2014 to 2017. The total pension liability in the June 30, 2018 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation

Salary increases 3.25% to 12.25%, including inflation Investment rate of return 6.75% beginning with the actuarial valuation as of June 30, 2018

Mortality rates were based on the RP2014 White Collar, gender distinct tables with projected generational mortality and a separate mortality assumption for disabled participants.

The actuarial assumptions used in the June 30, 2019 valuation were based on the results of an actuarial experience study for the period June 30, 2014 to 2017. The total pension liability in the June 30, 2017 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation 2.25%

Salary increases 3.25% to 12.25%, including inflation 6.75% beginning with the actuarial Investment rate of return

valuation as of June 30, 2018

NOTES TO FINANCIAL STATEMENTS (Continued)

6. RETIREMENT COMMITMENTS (Continued)

Funding Policy (Continued)

b. Assumptions and Other Inputs (Continued)

Actuarial Assumptions (Continued)

Mortality rates were based on the RP2014 Combined Mortality Table with projected generational mortality and a separate mortality assumption for disabled participants.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return were adopted by the plan's trustees after considering input from the plan's investment consultant(s) and actuary(ies).

For each major asset class that is included in the pension plan's target asset allocation as of June 30, 2019 and 2018, these best estimates are summarized in the following table:

| 201 | 19 | |
|---|------------|---------------------|
| | Target | Long-Term Expected |
| Asset Class | Allocation | Real Rate of Return |
| YV G. To. 1 | 22.0004 | 7.27 0/ |
| U.S. Equity | 23.00% | 5.25% |
| Private Equity | 6.00% | 8.65% |
| Non-U.S. Equity | 19.00% | 6.75% |
| Global Equity | 8.00% | 6.25% |
| Fixed Income | 19.00% | 1.85% |
| Treasury-Inflation Protected Securities | 4.00% | 1.20% |
| Emerging Market Debt | 3.00% | 4.00% |
| Real Estate REITS | 4.00% | 5.70% |
| Direct Real Estate | 6.00% | 4.85% |
| Commodities | 2.00% | 2.00% |
| Hedged Strategies | 5.00% | 2.85% |
| Opportunity Fund | 1.00% | 7.00% |
| Total | 100.00% | 4.80% |
| Inflation | | 2.75% |
| EXPECTED ARITHMETIC RETURN | | 7.55% |

Discount Rate

2020

A single discount rate of 6.59% was used to measure the total pension liability. This single discount rate was based on an expected rate of return on pension plan investments of 6.75% and a municipal bond rate of 3.13% (based on the weekly rate closest to but not later than the measurement date of the 20-Year Bond Buyer Index as published by the Federal Reserve). The projection of cash flows used to determine this single discount rate were the amounts of contributions attributable to current plan members and assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the statutory contribution rates under SURS' funding policy. Based on these assumptions, the pension plan's fiduciary net position and future contributions were sufficient to finance the benefit payments through the year 2075. As a result, the long-term expected rate of return on pension plan investments was applied to projected benefit payments through the year 2075, and the municipal bond rate was applied to all benefit payments after that date.

Funding Policy (Continued)

b. Assumptions and Other Inputs (Continued)

Discount Rate (Continued)

2020 (Continued)

Sensitivity of SURS' Net Pension Liability to Changes in the Discount Rate

Regarding the sensitivity of the net pension liability to changes in the single discount rate, the following presents the plan's net pension liability, calculated using a single discount rate of 6.59%, as well as what the plan's net pension liability would be if it were calculated using a single discount rate that is 1 percentage point lower or 1 percentage point higher:

| | | Current Single Discount Rate | |
|-----------------------|---------------------|------------------------------|---------------------|
| | 1% Decrease (5.59%) | Assumption (6.59%) | 1% Increase (7.59%) |
| Net pension liability | \$ 34,786,851,779 | \$ 28,720,071,173 | \$ 23,712,555,197 |

2019

A single discount rate of 6.65% was used to measure the total pension liability. This single discount rate was based on an expected rate of return on pension plan investments of 6.75% and a municipal bond rate of 3.62% (based on the weekly rate closest to but not later than the measurement date of the 20-Year Bond Buyer Index as published by the Federal Reserve). The projection of cash flows used to determine this single discount rate were the amounts of contributions attributable to current plan members and assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the statutory contribution rates under SURS' funding policy. Based on these assumptions, the pension plan's fiduciary net position and future contributions were sufficient to finance the benefit payments through the year 2075. As a result, the long-term expected rate of return on pension plan investments was applied to projected benefit payments through the year 2075, and the municipal bond rate was applied to all benefit payments after that date.

•

7. RETIREE HEALTH PLAN

In addition to the pension plan described previously, the College contributes to the State of Illinois' Community College Health Insurance Program (CIP), a cost-sharing multiple-employer defined benefit postemployment healthcare plan administered by the state. CIP provides health, vision and dental benefits to retired staff and dependent beneficiaries of participating community colleges. The benefits, employer, employee, retiree and state contributions are dictated by ILCS through the State Group Insurance Act of 1971 (the Act) and can only be changed by the Illinois General Assembly. Separate financial statements, including required supplementary information, may be obtained from the Department of Healthcare and Family Services, 201 South Grand Avenue East, Springfield, Illinois 62763.

7. RETIREE HEALTH PLAN (Continued)

The Act requires every active contributor (employee) of SURS to contribute 0.5% of covered payroll and every community college district to contribute 0.5% of covered payroll. Retirees pay a premium for coverage that is also determined by ILCS. The State Pension Funds Continuing Appropriation Act (40/ILCS 15/1.4) requires the state to make an annual appropriation to CIP to cover any expected expenditures in excess of the contributions by active employees, employers and retirees. The result is pay as you go financing of the plan.

Plan Description

The following disclosures are for the year ended June 30, 2020 and 2019, in accordance with GASB Statement No, 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions. For purposes of measuring the net other postemployment benefit liability, deferred outflows of resources and deferred inflows of resources related to other postemployment benefit, and other postemployment benefit expense, information about the fiduciary net position of CIP and additions to/deductions from CIP's fiduciary net position have been determined on the same basis as they are reported by CIP. For this purpose, CIP recognizes benefit payments when due and payable in accordance with the benefit terms. Investments, if any, are reported at fair value, except for money market investments and participating interest-earning investment contracts that have a maturity at the time of purchase of one year or less, which are reported at cost.

At June 30, 2020, the College reported a liability of \$32,855,835 for its proportionate share of the total other postemployment benefit liability that reflected a reduction for state other postemployment benefit support of \$32,855,835 resulting in a total other postemployment benefit liability associated with the College of \$65,711,670. The other postemployment benefit liability was measured as of June 30, 2019, and the total other postemployment benefit liability used to calculate the net other postemployment benefit liability was determined by an actuarial valuation performed as of June 30, 2018 rolled forward to June 30, 2019. The College's proportion of the net other postemployment benefit liability was based on the College's actual contributions to the other postemployment benefit plan relative to the projected contributions of all participating Colleges and the State of Illinois, statutorily determined. At June 30, 2020, the College's proportionate share was 1.739747%.

7. RETIREE HEALTH PLAN (Continued)

Plan Description (Continued)

At June 30, 2019, the College reported a liability of \$33,258,707 for its proportionate share of the total other postemployment benefit liability that reflected a reduction for state other postemployment benefit support of \$33,258,707 resulting in a total other postemployment benefit liability associated with the College of \$66,517,414. The other postemployment benefit liability was measured as of June 30, 2018, and the total other postemployment benefit liability used to calculate the net other postemployment benefit liability was determined by an actuarial valuation performed as of June 30, 2017 rolled forward to June 30, 2018. The College's proportion of the net other postemployment benefit liability was based on the College's actual contributions to the other postemployment benefit plan relative to the projected contributions of all participating Colleges and the State of Illinois, statutorily determined. At June 30, 2019, the College's proportionate share was 1.764152%.

2020

For the year ended June 30, 2020, the College recognized other postemployment benefit expense of \$1,884,967 and revenue of \$1,844,967 for support provided by the state. At June 30, 2020, the College reported deferred outflows of resources and deferred inflows of resources related to other postemployment benefit from the following sources:

| | | | Deferred | |
|---|----|-------------|----------|----------------------|
| | C | outflows of | I | inflows of |
| | I | Resources |] | Resources |
| Difference between expected and actual experience Changes in assumption | \$ | 385,066 | \$ | 694,828 4,577,583 |
| Changes in proportionate share and differences between college contributions and proportionate share of contributions | | 2,250,158 | | 501,471 |
| Contributions made after the measurement date Net difference between projected and actual earnings | | 156,807 | | - |
| on other postemployment benefit plan investments | | _ | | 1,451 |
| TOTAL | \$ | 2,792,031 | \$ | 5,775,333 |

7. RETIREE HEALTH PLAN (Continued)

Plan Description (Continued)

<u>2020</u> (Continued)

\$156,807 reported as deferred outflows or resources related to other postemployment benefit resulting from college contributions subsequent to the measurement date will be recognized as a reduction of the net other postemployment benefit liability for the measurement period ended June 30, 2020. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to CIP will be recognized in other postemployment benefit expense as follows:

| Fiscal | |
|-------------|----------------|
| Year Ending | |
| June 30, | |
| | |
| 2021 | \$ (523,351) |
| 2022 | (523,351) |

7. RETIREE HEALTH PLAN (Continued)

Plan Description (Continued)

Actuarial Assumptions

2020

The total other postemployment benefit liability was determined by an actuarial valuation as of June 30, 2018, rolled forward to June 30, 2019, the measurement date, using the following actuarial assumptions, applied to all periods included in the measurement date, unless otherwise specified

Assumptions

Inflation 2.25%

Salary increases 3.25% to 12.25%

Investment rate of return 0.00%

Healthcare cost trend rates 8.00% to 9.00%

trending to 4.50%

Asset valuation method Fair value

2019

The total other postemployment benefit liability was determined by an actuarial valuation as of June 30, 2017, rolled forward to June 30, 2018, the measurement date, using the following actuarial assumptions, applied to all periods included in the measurement date, unless otherwise specified

Assumptions

Inflation 2.75%

Salary increases 3.75% to 10.00%

Investment rate of return 0.00%

Healthcare cost trend rates 8.00% to 9.00%

trending to 4.50%

Asset valuation method Fair value

NOTES TO FINANCIAL STATEMENTS (Continued)

7. RETIREE HEALTH PLAN (Continued)

Plan Description (Continued)

Actuarial Assumptions (Continued)

2020

Mortality rates for retirement and beneficiary annuitants were based on the RP-2014 White Collar Annuitant Mortality Table. For disabled annuitants mortality rates were based on the RP-2014 Disabled Annuitant table. Mortality rates for pre-retirement were based on the RP-2014 White Collar Table. Tables were adjusted for SURS experience. All tables reflect future mortality improvements using Projection Scale MP-2014. The actuarial assumptions used in the June 30, 2017 valuation were based on the results of an actuarial experience study for the period June 30, 2010 to June 30, 2014.

Projected benefit payments were discounted to their actuarial present value using a single discount rate that reflects (1) a long-term expected rate of return on other postemployment benefit plan investments (to the extent that the plan's fiduciary net position is projected to be sufficient to pay benefits), and (2) tax-exempt municipal bond rate based on an index of 20-year general obligation bond with an average AA credit rating as of the measurement date (to the extent that the contributions for use with the long-term expected rate of return are not met). Since CIP is financed on a pay-as-you-go basis, a discount rate consistent with the 20-year general obligation bond index has been selected. The discount rate was 3.13% as of June 30, 2019.

2019

Mortality rates for retirement and beneficiary annuitants were based on the RP-2014 White Collar Annuitant Mortality Table. For disabled annuitants mortality rates were based on the RP-2014 Disabled Annuitant table. Mortality rates for pre-retirement were based on the RP-2014 White Collar Table. Tables were adjusted for SURS experience. All tables reflect future mortality improvements using Projection Scale MP-2014. The actuarial assumptions used in the June 30, 2017 valuation were based on the results of an actuarial experience study for the period June 30, 2010 to June 30, 2014.

Projected benefit payments were discounted to their actuarial present value using a single discount rate that reflects (1) a long-term expected rate of return on other postemployment benefit plan investments (to the extent that the plan's fiduciary net position is projected to be sufficient to pay benefits), and (2) tax-exempt municipal bond rate based on an index of 20-year general obligation bond with an average AA credit rating as of the measurement date (to the extent that the contributions for use with the long-term expected rate of return are not met). Since CIP is financed on a pay-as-you-go basis, a discount rate consistent with the 20-year general obligation bond index has been selected. The discount rate was 3.62% as of June 30, 2018.

NOTES TO FINANCIAL STATEMENTS (Continued)

Other Postemployment Benefit Plan Fiduciary Net Position

Detailed information about the other postemployment benefit plan's fiduciary net position is available in the separately issued CIP financial report.

8. SPECIAL TERMINATION HEALTH INSURANCE

In addition to the retirement benefits provided by the College described in Note 6, the College previously provided voluntary retirement benefits, considered early retirement incentives. These included employer paid voluntary retirement incentives (deferred compensation) as well as employer paid health care coverage to retirees and spouses for life. At age 65, generally Medicare becomes the primary insurance provider for retirees. The voluntary retirement benefits were available to employees who attained age 55 with at least eight years of continuous employment and who retired prior to June 30, 2000.

The benefits provided were a percentage of their final year's salary, up to 100% payable over one to five years, depending upon the age at retirement and health insurance coverage for life. There were 57 and 62 members (including spouses) receiving benefits as of June 30, 2020 and 2019, respectively.

The College engaged an actuary to perform an actuarial valuation of the benefits as of June 30, 2020 and 2019. Actual retirees were 33 and 35 as of June 30, 2020 and 2019, respectively. The actuarial assumptions used in the valuations were a discount rate of 2.00% and 3.75% at June 30, 2020 and 2019, respectively, the health care trend rate of 5.50% (5.50% ultimate) and 5.50% (5.50% ultimate), respectively. The actuarial valuation calculated a liability of \$1,281,159 and \$1,238,307 at June 30, 2020 and 2019, respectively. This is recorded as a liability in the College's financial statements.

The College accounts for this plan in the Retiree Medical Insurance and Retirement subfund and has set aside sufficient assets in the account to fully fund this obligation at June 30, 2020 and 2019.

9. RISK MANAGEMENT

The College is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; error and omissions; injuries to employees; employee health and dental insurance; and natural disasters. These risks are covered by commercial insurance purchased from independent third parties except for employee health and dental. Settled claims from these risks have not exceeded commercial insurance coverage in the past three fiscal years. Since February 2005, the College has participated in the Illinois Community College Risk Management Consortium (the Consortium), which was established in 1981 by several Chicago area community colleges as a means of reducing the cost of general liability insurance. The Consortium is a public entity risk pool currently operating as a common risk management and insurance program for the member colleges. The main purpose of the Consortium is to jointly self-insure certain risks up to an agreed-upon retention limit and to obtain excess catastrophic coverage and aggregate stop-loss reinsurance over the selected retention limits.

NOTES TO FINANCIAL STATEMENTS (Continued)

9. RISK MANAGEMENT (Continued)

The College is self-insured for health and dental insurance. The College's third party administrator (TPA) processes all claims for the College and is reimbursed monthly for the claims paid in the previous month.

The College has purchased specific and aggregate excess insurance to limit its exposure. The specific coverage is \$150,000 per covered person and the aggregate attachment is \$7,133,157 on a calendar year basis. A liability of \$1,128,411 and \$1,172,198 for claims incurred but not paid as of June 30, 2020 and 2019, respectively, including an estimate of incurred but not reported claims as of June 30, 2020 and 2019.

A reconciliation of the claim liability for the last three fiscal years is as follows:

| | 2018 | 2019 | 2020 |
|--------------------------------|--------------------------|--------------------------|--------------------------|
| CLAIMS PAYABLE, JULY 1 | \$ 1,052,950 | \$ 1,155,235 | \$ 1,172,198 |
| Claims paid Claims incurred | (6,060,815) 6,163,100 | (6,264,473) 6,281,436 | (5,995,179) 5,951,392 |
| CLAIMS PAYABLE, JUNE 30 | \$ 1,155,235 | \$ 1,172,198 | \$ 1,128,411 |

10. TAX ABATEMENTS

The College has entered into a property tax abatement agreement with a corporation located within the College's boundaries. The agreement provides for the abatement of 50% of the property taxes on the facility for a period of five years. The abatement is subject to the corporation documenting that the expanded facility is fully assessed and fully operational and that at least 75 initial additional jobs have been created. In the event that the corporation ceases operation of the facility or relocates the facility within three years from the termination date of the abatement period, the College retains the right to require the corporation to repay the total sum of all previously abated taxes. Additionally, should the corporation fail to substantially meet the employment conditions of the agreement, the College retains the right to terminate the agreement and require repayment of any previously abated taxes. As of June 30, 2020 and 2019, no taxes have been abated under the tax abatement agreement.

11. CHANGE IN ACCOUNTING PRINCIPLE

<u>2020</u>

For the fiscal year ended June 30, 2020, the College implemented GASB Statement No. 84, *Fiduciary Activities*. With the implementation, the College is required to record the beginning net position of their student activity funds. The beginning net position has been restated to reflect the new guidance as follows:

| BEGINNING NET POSITION, AS PREVIOUSLY REPORTED | \$ |
|--|---------------|
| Record net position of activity subfund | 451,122 |
| Total restatement | 451,122 |
| BEGINNING NET POSITION, AS RESTATED | \$ 451,122 |

2019

The Foundation has adopted ASU 2016-14, Presentation of Financial Statements of Notfor-Profit Entities (Topic 958), for the year ended June 30, 2019 financial statements. The ASU amends the current reporting model for nonprofit organizations and enhances their required disclosures. The major changes include: (a) requiring the presentation of only two classes of net assets now entitled "net assets without donor restrictions" and "net assets with donor restriction," (b) modifying the presentation of underwater endowment funds and related disclosures, (c) requiring the use of the placed-in-service approach to recognize the expirations or restrictions on gifts used to acquire or construct long-lived assets absent explicit donor restrictions otherwise, (d) requiring that all nonprofits present an analysis of expenses by function and nature in either the consolidated statement of activities, a separate statement, or in the notes and disclose a summary of the allocation methods used to allocate costs, (e) requiring the disclosure of quantitative and qualitative information regarding liquidity and availability of resources, (f) presenting investment return net of external and direct internal investment expenses and (g) modifying other financial statement reporting requirements and disclosures intended to increase the usefulness of nonprofit financial statements.

12. DISCRETELY PRESENTED COMPONENT UNIT

The Waubonsee Community College Foundation (the Foundation) was incorporated in 1978 under the laws of the State of Illinois. The Foundation is a not-for-profit organization which was formed to promote the educational development and general educational welfare of the Waubonsee Community College, Community College District 516 (the College). The Foundation is operated in conjunction with, and in support of the educational mission of the College. The Foundation supports the College through solicitation and administration of scholarships, gifts, grants or bequests of money or property or certain educational and cultural activities of the College as approved by the Board of Directors of the Foundation. The following is a summary of the significant accounting policies of the Foundation.

a. Basis of Presentation

The Foundation maintains its accounts in accordance with the principles and practices of fund accounting. Fund accounting is the procedure by which resources for various purposes are classified for accounting purposes in accordance with activities or objectives specific by donors.

These financial statements, which are presented on the accrual basis of accounting, have been prepared to focus on the Foundation as a whole and to present balances and transactions according to the existence or absence of donor-imposed restrictions. This has been accomplished by classification of fund balances and transactions into two classes of net assets: without donor restrictions and with donor restrictions. Accordingly, net assets and changes therein are classified as follows:

Net Assets Without Donor Restrictions

Net assets available for use in general operations and not subject to donor-imposed restrictions. The Board may impose stipulations on these assets for a specific purpose or future use. As of June 30, 2020 and 2019, the Board has designated funds for future operations and scholarships.

Net Assets With Donor Restrictions

Net assets subject to donor-imposed restrictions that either expire by passage of time, can be fulfilled and removed by actions of the Foundation pursuant to those restrictions or maintained in perpetuity by the Foundation.

12. DISCRETELY PRESENTED COMPONENT UNIT (Continued)

a. Basis of Presentation (Continued)

Contributions and other revenues are reported as increases in net assets without donor restrictions unless use of the related assets is limited by donor-imposed restrictions. Gains and losses on investments and other assets or liabilities are reported as increases or decreases in net assets without donor restrictions unless their use is restricted by explicit donor restriction.

b. Revenue Recognition

Contributions

The Foundation recognizes contributions when cash, securities, or other assets; an unconditional promise to give; or a notification of beneficial interest is received. Conditional promises to give – that is, those with a measurable performance or other barrier and a right to return – are not recognized until the conditions on which they depend have been met.

Contributions, including unconditional promises to give, are recognized as revenue in the period received. Conditional promises to give are not recognized as revenue until the conditions on which they depend are substantially met. Contributions of assets other than cash are recorded at their estimated fair value. Contributions from unconditional promises to give that are to be received after one year are discounted at an appropriate risk adjusted rate at the date the promise is made. Amortization of discounts is recorded as additional contribution revenue in accordance with donor-imposed restrictions, if any, on the contributions. An allowance for uncollectible contributions is provided based upon management's judgement including such factors as prior collection history, type of contribution, and nature of fundraising activity. No allowance was deemed necessary as of June 30, 2020 or 2019.

Sponsorship and Fundraising Event Revenue

The portion of sponsorship revenue and ticket sales that relates to the commensurate value the sponsor and attendee receives in return is recognized when the related events are held, and performance obligations are met. Ticket sales received in advance of the event are recorded as deferred revenue on the statement of financial position.

NOTES TO FINANCIAL STATEMENTS (Continued)

12. DISCRETELY PRESENTED COMPONENT UNIT (Continued)

c. Cash and Cash Equivalents

All highly liquid investments with an original maturity of three months or less when purchased are deemed cash equivalents.

The Foundation maintains its cash balance in financial institutions, which at times may exceed federally insured limits. At June 30, 2020 and 2019, the Foundation's cash accounts do not exceed federally insured limits. The Foundation has not experienced any losses in such accounts and believes it is not exposed to any significant credit risk on cash.

d. Investments

Investments are measured at fair value. The realized and unrealized gain or loss on investments is reflected in investment return on the statement of activities. Investment return is reported net of external and direct internal investment expenses.

e. Functional Allocation of Expenses

The costs of providing the various programs and other activities have been summarized on a functional basis in the statement of activities. Accordingly, certain costs have been allocated among the programs and supporting services benefited. Costs are directly charged when feasible. Costs that cannot be directly charged, such as salaries and wages, are allocated based on time and effort.

f. Income Taxes

The Foundation is a not-for-profit organization that is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code. The Foundation is not classified as a private foundation.

g. Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

12. DISCRETELY PRESENTED COMPONENT UNIT (Continued)

h. New Accounting Standards

The Foundation adopted Accounting Standards Update (ASU) No. 2018-08, *Not-for-Profit Entities: Clarifying the Scope and the Accounting Guidance for Contributions Received and Contributions Made (Topic 605)*, as management believes the standard improves the usefulness and understandability of the Foundation's financial reporting. The adoption of this new accounting pronouncement did not have a material impact on the financial statements.

The Foundation adopted the requirements of Topic 606 as of July 1, 2019, utilizing the modified retrospective method of transition. The new guidance was applied using the practical expedient provided to Topic 606 that allows the guidance to be applied only to contracts that were not completed as of July 1, 2019. The adoption of this new accounting pronouncement did not have a material impact on the financial statements.

Note: The College implemented GASB No. 68 in fiscal year 2015. The information above is presented for as many years as available. The schedule is intended to show information for ten years.

Notes to Required Supplementary Information

Changes of Benefit Terms

There were no benefit changes recognized in the total pension liability as of June 30, 2019 and 2018.

Changes in Assumptions

In accordance with ILCS, an actuarial review is to be performed at least once every three years to determine the reasonableness of actuarial assumptions regarding the retirement, disability, mortality, turnover, interest and salary of the members and benefit recipients of SURS. An experience review for the years June 30, 2014 to June 30, 2017 was performed in February 2018, resulting in the adoption of new assumptions as of June 30, 2019.

- •Mortality rates Maintain the RP-2014 mortality tables with projected generational mortality improvement. Update the projection scale from the MP-2014 to the MP-2017 scale.
- •Salary increase Decrease in the overall assumed salary increase rates, ranging from 3.25% to 12.25% based on years of service, with underlying wage inflation of 2.25%.
- •Normal retirement rates A slight increase in the retirement age at 50. No change to the rates for ages 60-61, 67-74 and 80+, but a slight decrease in rates at all other ages. A rate of 50% if the member has 40 or more years of service and is younger than age 80.
- •Early retirement rates Decrease in rates for all Tier 1 early retirement eligibility ages (55-59).
- •Turnover rates Change rates to produce lower expected turnover for members with less than ten years of service and higher turnover for members with more than ten years of service.
- •Disability rates Decrease current rates to reflect that certain members who receive disability benefits do not receive benefits on a long-term basis.
- •Effective rate of interest Decrease the long-term assumption for the ERI for crediting the money purchase accounts to 6.75% (effective July 2, 2019).
- •Investment return Decrease the investment return assumption to 6.75%. This reflects maintaining an assumed real rate of 4.50% and decreasing the underlying assumed price inflation to 2.25%.

STATISTICAL SECTION

This part of the Waubonsee Community College District 516's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures and required supplementary information displays about the College's overall financial health.

| <u>Contents</u> | Page(s) |
|---|---------|
| Financial Trends These schedules contain trend information to help the reader understand how the College's financial performance and well-being have changed over time. | 65-68 |
| Revenue Capacity These schedules contain information to help the reader assess the College's most significant local revenue source, the property tax. | 69-72 |
| Debt Capacity These schedules present information to help the reader assess the affordability of the College's current levels of outstanding debt and the College's ability to issue additional debt in the future. | 73-78 |
| Demographic and Economic Information These schedules offer demographic and economic indicators to help the reader understand the environment within which the College's financial activities take place. | 79-80 |
| Operating Information These schedules contain service and infrastructure data to help the reader understand how the information in the College's financial report relates to the services the College provides and the activities it performs. | 81-83 |

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year.

SIKICH.COM

INDEPENDENT AUDITOR'S REPORT

Board of Trustees Waubonsee Community College District 516 Sugar Grove, Illinois

We have audited the accompanying balance sheet of the Waubonsee Community College District 516 (the College) State Adult Education and Family Literacy Grant Programs as of June 30, 2020 and the related statements of revenues, expenditures and changes in fund balance for the year then ended and the notes to financial statements - state grant programs.

Management's Responsibility for the Financial Statements

These financial statements are the responsibility of the College's management. This includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the guidelines of the Illinois Community College Board (ICCB) *Fiscal Management Manual*. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements.

An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We also reviewed the compliance with the provisions of the agreement between the College and the ICCB. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Waubonsee Community College District 516's State Adult Education and Family Literacy Grant Programs as of June 30, 2020 and the changes in financial position for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Emphasis of Matter

The accompanying balance sheet and statement of revenue and expenditures were prepared for the purpose of complying with the terms of the ICCB Grants and are not intended to be a complete presentation of the College's revenue and expenditures in conformity with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Other Matters

Our audit was conducted for the purpose of forming an opinion on the balance sheet of the College State Adult Education and Family Literacy Grant Programs as of June 30, 2020 and the related statement of revenues, expenditures and changes in fund balance for the year then ended. The schedule expenditure amounts and percentages for ICCB Grant Funds only is presented for purposes of additional analysis and is not a required part of these financial statements. The schedule expenditure amounts and percentages for ICCB Grant Funds only is the responsibility of management and was derived from and relate directly to the underlying accounting and other records used to prepare these financial statements. The information has been subjected to the auditing procedures applied in the audit of these financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to these financial statements as a whole.

In connection with our audit, nothing came to our attention that caused us to believe that the College failed to comply with the terms, covenants, provisions or conditions of the agreements, insofar as they relate to accounting matters. However, our audit was not directed primarily toward obtaining knowledge of such noncompliance. Accordingly, had we performed additional procedures, other matters may have come to our attention regarding the College's noncompliance with the above-referenced terms, covenants, provisions or conditions of the agreements, insofar as they relate to accounting matters.

NOTES TO FINANCIAL STATEMENTS - STATE GRANT PROGRAMS

June 30, 2020

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of Waubonsee Community College District 516 (the College) conform to generally accepted accounting principles as set forth by the Governmental Accounting Standards Board. The following is a summary of the more significant accounting policies:

a. General

The accompanying statements include transactions resulting from the Illinois Community College Board (ICCB) State Adult Education and Family Literacy Restricted Grant Program. These transactions have been accounted for in the Restricted Purposes Funds of the governmental subgroup.

b. Basis of Accounting

The statements have been prepared on the modified accrual basis of accounting and the current financial resources measurement focus. Expenditures include all accounts payable representing liabilities for goods and services actually received as of June 30, 2020. Funds obligated for goods prior to June 30 for which the goods are received prior to August 31, if any, are recorded as restricted fund balances.

c. Capital Assets

Capital asset purchases are recorded as expenditures - capital outlay.

2. PAYMENTS OF PRIOR YEAR'S ENCUMBRANCES

Payments of prior year's encumbrances for goods received prior to August 31 are reflected as expenditures during the current fiscal year.

NOTES TO FINANCIAL STATEMENTS - STATE GRANT PROGRAMS (Continued)

3. BACKGROUND INFORMATION ON STATE GRANT ACTIVITY (Continued)

a. Unrestricted Grants

Base Operating Grants

General operating funds provided to colleges based upon credit enrollment with a small portion of the allocation based upon gross square footage of space at the College.

Equalization Grants

Grants provided to institutions with less than the statewide average of local tax dollars available per full-time equivalent student.

b. Restricted Adult Education Grants/State

State Basic and State Performance

Grant awarded to Adult Education and Family Literacy providers to assist adults to become literate and obtain the knowledge and skills necessary for employment and self-sufficiency; to assist adults who are parents to obtain the educational skills necessary to become full partners in the educational development of their children, to assist in completion of a secondary school education, and to assist immigrants and other individuals who are English language learners in improving their reading, writing, speaking and comprehension skills in English and mathematics.

Instructional activities included in the adult education grants may include adult basic education, adult secondary education, English language acquisition, career exploration/awareness skills, integrated English literacy/civics education, bridge programs, integrated career and academic preparation systems, high school credit, vocational training, family literacy, volunteer literacy coordination, workplace literacy, and correction education.

INDEPENDENT ACCOUNTANT'S REPORT ON ENROLLMENT DATA AND OTHER BASES UPON WHICH CLAIMS ARE FILED AND SUPPORTING RECONCILIATION OF SEMESTER CREDIT HOURS

Members of the Board of Trustees Waubonsee Community College District 516 Sugar Grove, Illinois

We have examined management of Waubonsee Community College - Illinois Community College District 516's (the College) assertion that the College complied with the guidelines of the Illinois Community College Board's *Fiscal Management Manual* included in the accompanying Schedule of Enrollment Data and Other Bases Upon Which Claims are Filed and the Reconciliation of Total Semester Credit Hours of Waubonsee Community College during the period July 1, 2019 through June 30, 2020. The College's management is responsible for its assertion. Our responsibility is to express an opinion on management's assertion about the College's compliance with the specified requirements based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether management's assertion about compliance with the specified requirements is fairly stated, in all material respects. An examination involves performing procedures to obtain evidence about whether management's assertion is fairly stated, in all material respects. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material misstatement of management's assertion, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

Our examination does not provide a legal determination on the College's compliance with the specified requirements.

In our opinion, management's assertion that the College complied with the guidelines of the Illinois Community College Board's *Fiscal Management Manual* included in the accompanying Schedule of Enrollment Data and Other Bases Upon Which Claims are Filed and the Reconciliation of Total Semester Credit Hours of Waubonsee Community College is fairly stated, in all material respects.

A student's legal residence is used to determine the student's residency for both tuition calculation and submission of reports for state funding purposes. According to ICCB guidelines, a student must reside within the district for at least 30 days prior to the start of the semester in order to meet in district residency requirements.

The College uses the U.S. Postal Service to verify a student's permanent residence. If there is a question about a student's residency, the student must submit a combination of three types of documentation:

- (1) rental or property ownership documentation
- (2) governmental recognition of the residential address (employer, state or federal documents)
- (3) institutional recognition of the residential address (utilities, bank, etc.)

Each case is treated individually and documentation tailored to the student's specific situation.
