

Jack McGreevy

Student Trustee 2023-2024

Yorkville, IL, Music

Hello, my name is Jack McGreevy. I am a resident of Yorkville, IL. I have a sister, who also attended Waubonsee. Before attending Waubonsee Community College, I achieved my high school diploma from Oswego. While attending, I participated in SkillsUSA for cabinet making, and also built sets for the theatre department.

As a student of Waubonsee Community College, I am majoring in Music Education and working to transfer to a four-year university to continue my passion for music. My goal is to pursue a career in higher education. Here at the college, I have been heavily involved in student senate. I am the current President of the Jazz Club, as well as a member of our Campus Activities Board and Phi Theta Kappa. I am also a Peer Finance Educator with the Money Matters Financial Wellness program.

I believe the Trustee plays an important role in acting as a voice for the student population in matters that heavily impact our engagement and education. As the Trustee, I hope to play a role in making positive changes to the college, while bringing forward the needs of our diverse population of students including nontraditional and virtual students.
