WAUBONSEE COMMUNITY COLLEGE FOUNDATION

2020-2021 Scholarship Program

Route 47 @ Waubonsee Drive
Sugar Grove, IL 60554-9454

(630) 466-2316
foundation@waubonsee.edu

About Us

Chartered in 1978, the Waubonsee Community College Foundation was formed to advance the educational and charitable purposes of Waubonsee Community College. The primary mission of the Foundation is to raise money for student scholarships. Foundation scholarships and awards are made available to Waubonsee students by generous donors who support the Foundation.

Scholarship Program Information

- This brochure describes each scholarship's eligibility requirements and award information.
- Scholarships awarded for the 2020-2021 program will begin with the fall 2020 semester and continue through the summer 2021 semester.
- All awards are good for one year only, are subject to funding availability, and are for use only at Waubonsee Community College.
- Unless otherwise noted, all scholarships provide a credit for tuition, fees, or books with awards applied first to tuition and fees. Remaining funds may then be used for books; students are to request a book voucher from the Financial Aid Office.
- Scholarship awards apply to credit courses only.
- All applications and required documents **MUST** be submitted online. We cannot accept printed copies.
- Applicants selected to receive a scholarship will be notified by email in early April 2020. Recipients are required to attend one of two workshops scheduled for April 22, 2020 at the Sugar Grove campus and will be invited to a recognition event with scholarship donors in fall of 2020 at the Sugar Grove campus.

Before You Start

All applicants will need to provide their Waubonsee issued ID (X number). If you do not have an X number, go to waubonsee.edu/nsif to apply for one. Please allow forty-eight hours to receive your X number. Once you have received your X number, you may begin your application.

Applying

Go to www.waubonsee.edu/foundation, and click on the “Foundation Scholarship Application” link.

New Students

Click on the “Submit a Foundation Scholarship Application” link in the “New Students” section to register your AwardSpring account and start your application.

Current or Returning Waubonsee Students

Click on the “Submit a Foundation Scholarship Application” link in the “Current or Returning Waubonsee Students” section to log in via *mywcc* using your X-number and password.

Once you’ve logged in to your scholarship application account, you will see eight tabs along the left side of your application: General Information, Academic Information, Qualification Questions, Financial Information, Essays, Documents, Letter of Recommendation, and Certification. **You must complete all required fields on each tab.**

1. General Information

This section includes basic demographic information.

2. Academic Information

This section covers information such as GPA, major and whether you are a new or returning student.

New students include those registering for classes as a Waubonsee student for the first time with the fall 2020 semester.

Returning students are individuals who have completed course work (excluding dual credit and noncredit courses) at Waubonsee at any time in the past or who are enrolled at Waubonsee for the first time for spring 2020 semester.

3. Qualification Questions

Your answers to these questions will allow the application software to match you to all scholarships for which you meet the required criteria and automatically apply you to these. It is important that you answer ALL questions accurately.

4. Financial Information

This section includes basic financial information for your household.

5. Essay

The essay section is broken down into six individual questions. When combined, these six pieces make up the components of a whole, complete scholarship essay. It is important that you answer each question completely and adhere to the maximum word count indicated. This section is one of the most important components of your application, as this is how the selection committee members will get to know you and determine if you are the right person to receive a scholarship. See *“Responding to Essay Questions”* below.

6. Documents

All applicants are required to upload a complete copy (all courses, grades, and cumulative GPA) of your UNOFFICIAL transcript from your most recent educational institution attended, whether that is high school, Waubonsee or another college or university. Transcripts submitted to Admissions are NOT available for the purposes of this scholarship application. **The preferred format is PDF.**

Uploading your unofficial transcript is just like attaching a file to an email. If your unofficial transcript is unreadable or cannot be opened, your scholarship application will be considered INVALID, so it is highly recommended that you upload the file in PDF format.

If additional documents are required for a particular scholarship, this is where you upload those as well.

7. Letters of Recommendation

One letter of recommendation is required from every applicant. Your application is not eligible to be considered for scholarships until a recommendation has been provided, even if you have completed all of the other scholarship requirements. Recommendations should be from a teacher, counselor, coach, supervisor at work, clergy person, etc. **A recommendation from a friend or family member will NOT be accepted and will cause your application to be disqualified.**

When you submit the request through your online scholarship application, the recommender will receive an email with instructions on how to upload their recommendation online. We highly encourage you to notify the person you are requesting a recommendation from in advance to expect an email from the Waubonsee Community College Foundation.

A recommendation must be received and your application must be submitted before the application deadline of Feb. 3, 2020.

8. Certification

This section details the terms and conditions of the Waubonsee Community College Foundation Scholarship Program.

Submitting Your Application

If you have any incomplete items on your application, the "SUBMIT" button will remain disabled until these have been completed. Once you have completed ALL of the application requirements, the option to SUBMIT your application will become available. If you are not ready to submit your application, you may logout and finish it another time. You may edit your application up until the application deadline. Make sure all information is accurate, as scholarships are awarded based upon the information provided.

When your application is complete and you click the "SUBMIT" button, you will be matched to all scholarships for which you meet the required criteria. Incomplete applications (including those with missing or invalid documents) are not able to be submitted for consideration for scholarships.

**YOUR APPLICATION MUST BE COMPLETE AND SUBMITTED
BY 11:59PM ON MONDAY, FEB. 3, 2020 TO BE CONSIDERED FOR SCHOLARSHIP AWARDS.**

Responding to Essay Questions

Tell a story

Our scholarship committee reads hundreds of applications, so you should try to make your essay memorable. Rather than just listing your awards, activities, etc., explain why they are important to you and what you learned/gained from the experience. Don't just focus on what you did, tell the committee why it mattered.

Proofread, proofread, proofread...use spell check, proofread it yourself, ask someone else to proofread it too

The harder that your essay is to read, the less likely it is that the scholarship committee will connect with your story. Making sure that words are spelled correctly, you have correct punctuation, and so on will make it as easy as possible for them to remember you when it comes time to award a scholarship.

Make the most of your word count

If you have a 250 word limit and you've only used 50 words, you're probably not telling the whole story. The essay section is where the scholarship committee really gets a chance to know you as person, so make the most of it.

Have you really answered the question?

Essay responses should be personal and specific. Avoid speaking in generalities: "everyone faces obstacles". If you're asked to write about an obstacle that you've faced, make sure that your response focuses on your own personal experience and no one else's.

Your choice of words has a huge impact

Try to achieve a balance between bragging and modesty. Promote yourself to the scholarship committee as a candidate that will be a worthy investment of scholarship funds. Avoid using phrases like "I deserve" or "I'm entitled to". Make sure to express your gratitude for the opportunity – a simple "thank you" goes a long way!

Need help? Waubonsee's Tutoring Centers are open to any enrolled student, no matter if you study at one of our four campus locations or online. Contact (630) 466-2408 or TutoringCenters@waubonsee.edu.

How to Save/Print to PDF

The preferred format for documents uploaded to your online scholarship application is PDF. To create a PDF version of an electronic document or webpage:

1. Once you have the document/webpage open on your computer, choose "Print" from your browser's menu.
2. When the print dialog box opens, click on the drop down where you select which printer you are sending your document to. You should see an option that says either "Adobe PDF" or "Save as PDF".
3. If you choose one of these options, you will be able to save the document or webpage to your computer in PDF format, which you can then upload to your scholarship application.

If this option does not work for you, you may also physically print the document or webpage and then scan it so that you can save it to your computer as a PDF.

Scholarship	Eligibility	Award Information
Accurate Color & Compounding, Inc. Endowed Scholarship	Returning student with a minimum 2.5 GPA majoring in a manufacturing related field of study	\$1,000 credit for tuition, fees, or books
